In order to update the shareholders and investors of the Group’s information, the board (the “**Board**”) of directors (the “**Directors**”) of the Company hereby announces the unaudited financial data of the Group for the three months ended 31 March 2025 (the “**Period**”).

The information below was extracted from the Group’s unaudited management accounts for the Period together with comparative figures for the corresponding period of 2024:

	(Unaudited) For the three months ended 31 March 2025 <i>RMB’000</i>	(Unaudited) For the three months ended 31 March 2024 <i>RMB’000</i>	Change Rate <i>(%)</i>

During the Period, the Group recorded an increase in both revenue and net profit as compared to the corresponding period last year. The Board considers that such change was mainly due to the following reasons:

- (1) The Group focused on the implementation of the strategy of globalization, digital intellectualization and low-carbonization, thus the Group's revenue from large port machinery, oil & gas equipment, silicon products and overseas revenue from mining trucks significantly increased.
- (2) The Group completed the acquisition of the lithium business on 22 July 2024, which has contributed a new source of revenue since such acquisition.
- (3) The Group fully implemented digital and intelligent operation and carried out quality and efficiency enhancement as well as strict cost control measures, leading to a growth in gross profit margin of roadheaders, small port machinery, large port machinery, oil & gas equipment and silicon products.

Please be reminded that the information contained in this announcement is only based on the Board's preliminary assessment of the unaudited management accounts of the Group for the Period and the information currently available to the Group which has not been audited or reviewed by the auditors of the Company.
