LISTING RULES IMPLICATIONS

As the Rights Issue will increase the total issued share capital of the Company by more than 50% within the 12-month period immediately preceding the date of this announcement, the Rights Issue is conditional on minority Shareholders' approval at the EGM in accordance with the requirements of Rule 7.19A of the Listing Rules.

Pursuant to Rule 7.27A(1) of the Listing Rules, where Shareholders' approval is required for a rights issue under rule 7.19A, the Rights Issue must be made conditional on approval by the Shareholders in general meeting by a resolution on which any controlling shareholders and their associates or, where there are no controlling shareholders, Directors (excluding independent non-executive Directors) and the chief executive of the Company and their respective associates shall abstain from voting in favour of the Rights Issue.

As of the date of this announcement, the Company does not have any controlling shareholder as defined under the Listing Rules. However, Mr. Han Weining, an executive Director, has a beneficial interest in 56,846,331 Shares. Consequently, Mr. Han Weining is required to abstain from voting in favour of the proposed resolutions to approve the Rights Issue, and the transaction contemplated thereunder at the EGM. Save as the above disclosure, no Shareholders and Directors are required to abstain from voting in favour of the proposed resolution approving the Rights Issue and the transaction contemplated thereunder at the EGM.

GENERAL

An Independent Board Committee, comprising all independent non-executive Directors, will be established to advise the Independent Shareholders as to whether the terms of the Rights Issue are (i) in the ordinary and usual course of business of the Company; (ii) on normal commercial terms ; and (iii) on terms that are fair and reasonable and in the interest of the Company and the Independent Shareholders as a whole, and to advise the Independent Shareholders on how to vote, taking into account the recommendations of the Independent Financial Adviser.

An Independent Financial Adviser will be appointed to advise the Independent Board Committee and the Independent Shareholders as to whether the terms of the Rights Issue are (i) in the ordinary and usual course of business of the Company, (ii) on normal commercial terms; and (iii) on terms that are fair and reasonable and in the interest of the Company and the Independent Shareholders as a whole, and to advise the Independent Shareholders on how to vote.

The Company will despatch the Prospectus to the Non-Qualifying Shareholders for their information only, but the Company will not send the PAL to the Non-Qualifying Shareholders.

WARNING OF THE RISK OF DEALINGS IN THE SHARES AND RIGHTS SHARES IN NIL-PAID FORM

The Rights Issue is subject to the fulfilment of conditions including, among other things, the Stock Exchange granting the listing of, and permission to deal in, the Rights Shares in their nil-paid and fully-paid forms. Please refer to the section headed “Conditions of the Rights Issue” in this announcement.

Shareholders and potential investors of the Company should note that if the conditions of the Rights Issue are not satisfied, the Rights Issue will not proceed. Any dealings in the Shares from the date of this announcement up to the date on which all the conditions of the Rights Issue are fulfilled, and any Shareholders dealing in the Rights Shares in nil-paid form will accordingly bear the risk that the Rights Issue may not become unconditional or may not proceed.

Subject to the fulfilment of conditions, the Rights Issue will proceed on a non-underwritten basis irrespective of the level of acceptance of provisionally allotted Rights Shares. Accordingly, if the Rights Issue is undersubscribed, the size of the Rights Issue will be reduced. Qualifying Shareholders who do not take up their assured entitlements in full and Non-Qualifying Shareholders, if any, should note that their shareholdings in the Company may be diluted, the extent of which will depend in part on the size of the Rights Issue.

Shareholders and potential investors of the Company are advised to exercise caution when dealing in the Shares and/or the Rights Shares. Any Shareholders or other persons contemplating any dealings in the Shares and/or Rights Shares in nil-paid form are recommended to consult their professional advisers.

As the Rights Shares are offered to all Qualifying Shareholders, the Directors would like to set the Subscription Price at a level that would attract the Qualifying Shareholders to participate in the Rights Issue. Each Qualifying Shareholder is entitled to subscribe for the Rights Shares at the same price in proportion to his/her/its existing shareholding in the Company. The Directors (excluding the independent non-executive Directors) consider the Subscription Price to be fair and reasonable and in the interests of the Company and the Shareholders as a whole.

Status of the Rights Shares

The Rights Shares (when allotted, issued, and fully paid) will rank *pari passu* in all respects with the Shares in issue on the date of allotment and issue of the Rights Shares. Qualifying Shareholders may apply for all or any part of their respective provisional allotment by lodging a duly completed PAL(s) and a cheque or a banker's cashier order for the sum payable for the Rights Shares being applied for with the Registrar on or before the Latest Time for Acceptance.

Rights of the Overseas Shareholders

The Prospectus Documents are not intended to be, have not been, and will not be registered or filed under the applicable securities legislation of any jurisdiction other than Hong Kong. Overseas Shareholder(s) may not be eligible to take part in the Rights Issue.

According to the register of members of the Company as of the date of this announcement, there were four Shareholders with registered address situated in the PRC, who held 13,843,200 Shares in aggregate, representing approximately 3.08% of the issued share capital of the Company as at the Last Trading Day, and one Shareholder with registered address situated in the BVI, who held 74,176,000 Shares, representing approximately 16.53% of the issued share capital of the Company as at the Last Trading Day.

Pursuant to Rule 13.36(2)(a) of the Listing Rules, the Directors have conducted inquiries into the feasibility of extending the Rights Issue to Overseas Shareholders with registered addresses in the listed jurisdictions. The Company has obtained legal advice from legal advisers in the PRC and BVI and has been informed that, according to the relevant legislation in the PRC and BVI, there are no regulatory restrictions or requirements from any regulatory body or stock exchange regarding the extension of the Rights Issue to Overseas Shareholders in the relevant jurisdiction.

It is the responsibility of the Shareholders, including the Overseas Shareholders, wishing to make an application for the Rights Shares, to satisfy himself/herself/itself before taking up his/her/its provisional allotments under the Rights Issue, as to the observance of the laws and regulations of all relevant jurisdictions, including the obtaining of any governmental or other consents and to pay any taxes and duties required to be paid in such jurisdiction in connection with the taking up and onward sale of the Rights Shares.

Based upon such advice, the Directors have decided to extend the Rights Issue to the Overseas Shareholders having registered addresses in the PRC and BVI, who are, therefore, Qualifying Shareholders. As such, based upon the register of members of the Company as of the Record Date, there was no Non-Qualifying Shareholder.

The Company reserves the right to treat as invalid any acceptance of or application for Rights Shares where it believes that such acceptance or application would violate the applicable securities or other laws or regulations of any territory or jurisdiction.

The Rights Issue does not constitute or form part of any offer or invitation to sell or issue, or any solicitation of any offer to acquire, nil-paid Rights Shares or fully paid Rights Shares or to take up any entitlements to nil-paid Rights Shares or fully-paid Rights Shares in any jurisdiction in which such an offer or solicitation is unlawful.

Arrangements will be made for the Rights Shares, which would otherwise have been provisionally allotted to the Non-Qualifying Shareholders, to be sold in the market in their nil-paid form as soon as practicable after dealings in the nil-paid Rights Shares commence and before dealings in the nil-paid Rights Shares end, if a premium (net of expenses) can be obtained. The proceeds from such sale, less expenses, of more than HK\$100 will be paid on a pro-rata basis to the relevant Non-Qualifying Shareholders. In view of administrative costs, the Company will retain individual amounts of HK\$100 or less for its own benefit.

Any unsold entitlement of Non-Qualifying Shareholders to the Rights Shares and any Rights Shares provisionally allotted but not accepted by the Qualifying Shareholders will, if possible, be placed by the Placing Agent under the Unsubscribed Arrangements to investors who (or as the case may be, their ultimate beneficial owner(s)) are not Shareholders and are otherwise Independent Third Parties.

Overseas Shareholders should note that they may or may not be entitled to the Rights Issue. Accordingly, Overseas Shareholders should exercise caution when dealing in the securities of the Company.

No fractional entitlement

Based on the entitlement to subscribe two (2) Rights Shares for every one (1) Share held by the Qualifying Shareholders on the Record Date, no fractional entitlements to the Rights Shares will arise from the Rights Issue.

Application for listing

The Company will apply to the Listing Committee of the Stock Exchange for the listing of, and permission to deal in, the Rights Shares in both their nil-paid and fully paid forms to be issued and allotted pursuant to the Rights Issue. No part of the securities of the Company is listed or dealt in, and no listing of or permission to deal in any such securities is being or is proposed to be sought, on any other stock exchanges.

Dealing in the Rights Shares in both their nil-paid and fully paid forms will be in the board lots of 6,400 Rights Shares.

Rights Shares will be eligible for admission into CCASS

Subject to the granting of the listing of, and permission to deal in, the Rights Shares in both their nil-paid and fully-paid forms on the Stock Exchange, as well as compliance with the stock admission requirements of HKSCC, the Rights Shares in both their nil-paid and fully-paid forms, will be accepted as eligible securities by HKSCC for deposit, clearance, and settlement in CCASS with effect from the respective commencement dates of dealings in the Rights Shares in both their nil-paid and fully-paid forms on the Stock Exchange or such other dates as determined by HKSCC.

Settlement of transactions between participants of the Stock Exchange on any trading day is required to take place in CCASS on the second trading day thereafter. All activities under CCASS are subject to the General Rules of CCASS and CCASS Operational Procedures in effect from time to time. Shareholders should seek advice from their licensed securities dealer(s) or other professional adviser(s) for details of those settlement arrangements and how such arrangements will affect their rights and interests.

Stamp duty and other applicable fees

Dealings in the Rights Shares in both their nil-paid and fully paid forms will be subject to the payment of (i) stamp duty, (ii) the Stock Exchange trading fee, (iii) SFC transaction levy, and (iv) any other applicable fees and charges in Hong Kong.

Share certificates and refund cheques for Rights Issue

Subject to the fulfilment of the conditions of the Rights Issue as set out below, share certificates for all fully paid Rights Shares are expected to be posted to those entitled thereto by ordinary post to their registered address, at their own risks, on or before Tuesday, 3 February 2026.

If the Rights Issue does not become unconditional, refund cheques are expected to be despatched by ordinary post on or before Tuesday, 3 February 2026 at the respective Shareholders' own risk.

Non-underwritten basis

Subject to the fulfilment of the conditions of the Rights Issue, the Rights Issue will proceed on a non-underwritten basis irrespective of the level of acceptances of the provisionally allotted Rights Shares.

In the event the Rights Issue is not fully subscribed, any Rights Shares not taken up by the Qualifying Shareholders will be placed to independent placees under the Compensatory Arrangements. Any Unsubscribed Rights Shares that remain not placed under the Compensatory Arrangements will not be issued by the Company and the size of the Rights Issue will be reduced accordingly. There is no minimum amount to be raised under the Rights Issue.

As the Rights Issue will proceed on a non-underwritten basis, the Shareholder who applies to take up all or part of his/her/its entitlements under the PAL(s) may unwittingly incur an obligation to make a general offer for the Shares under the Takeovers Code. Accordingly, the Rights Issue will be made on terms that the Company will provide for the Shareholders to apply on the basis that if the Rights Shares are not fully taken up, the application of any Shareholder (except for HKSCC Nominees Limited) for his/her/its assured entitlement under the Rights Issue will be scaled down to a level which does not trigger an obligation on part of the relevant Shareholder to make a general offer under the Takeovers Code and the Company to ensure the compliance of the requirements of the sufficient public float be maintained upon the Completion in accordance to the note to Rule 7.19(5) and 8.08 of the Listing Rules.

Procedures in respect of the Unsubscribed Rights Shares and the Compensatory Arrangements

Pursuant to Rule 7.21(1)(b) of the Listing Rules, the Company must make arrangements to dispose of the Unsubscribed Rights Shares by offering the Unsubscribed Rights Shares to independent placees for the benefit of the Shareholders to whom they were offered by way of the rights. There will be no excess application arrangements in relation to the Rights Issue as stipulated under Rule 7.21(1)(a) of the Listing Rules.

On 15 October 2025, the Company entered into the Placing Agreement with the Placing Agent in relation to the placing of the Unsubscribed Rights Shares to independent placees on a best effort basis. Pursuant to the Placing Agreement, the Company has appointed the Placing Agent to place the Unsubscribed Rights Shares during the Placing Period to independent placees on a best effort basis, and any premium over the Subscription Price for those Rights Shares that is realised will be paid to those No Action Shareholders and Non-Qualifying Shareholders on a pro-rata basis. The Placing Agent will, on a best effort basis, procure, by not later than 4:00 p.m. on Monday, 26 January 2026, acquirers for all (or as many as possible) of those Unsubscribed Rights Shares. Any Unsubscribed Rights Shares which are not placed will not be issued by the Company and the size of the Rights Issue will be reduced accordingly.

Net Gain (if any) will be paid (without interest) to the No Action Shareholders and Non-Qualifying Shareholders as set out below on a pro-rata basis (but rounded down to the nearest cent):

- A. the relevant Qualifying Shareholders (or such persons who hold any nil-paid rights at the time such nil-paid rights are lapsed) whose nil-paid rights are not validly applied for in full, by reference to the extent that Shares in his/her/its nil-paid rights are not validly applied for; and
- B. the relevant Non-Qualifying Shareholders with reference to their shareholdings in the Company on the Record Date.

If and to the extent in respect of any Net Gain, any No Action Shareholders or Non-Qualifying Shareholders become entitled on the basis described above to an amount of HK\$100 or more, such amount will be paid to the relevant No Action Shareholder(s) and Non-Qualifying Shareholders in Hong Kong Dollars only and the Company will retain individual amounts of less than HK\$100 for its own benefit.

The Placing Agreement

The principal terms of the Placing Agreement are summarised below:

Issuer	: The Company
Placing Agent	: Waton Securities International Limited

As of the date of this announcement, the Placing Agent and its ultimate beneficial owner(s) are Independent Third Parties.

- Placing Period** : The period from Monday, 12 January 2026 up to 4:00 p.m. on Monday, 26 January 2026, or such other dates as the Company may announce, being the period during which the Placing Agent will seek to effect the Unsubscribed Arrangements.

The Placing Agent shall ensure that the placees, and whose ultimate beneficial owner(s) (where applicable), shall be third party(ies) independent of the Directors, chief executive of the Company or Substantial Shareholders or any of its subsidiaries or any of their respective associates.
- Ranking of the Unsubscribed Rights Shares** : The placed Unsubscribed Rights Shares (when allotted, issued and fully paid, if any) shall rank *pari passu* in all respects among themselves and with the Shares in issue as of the date of completion of the Placing.
- Conditions of the Placing Agreement** : The obligations of the Placing Agent under the Placing Agreement are conditional upon the following conditions being fulfilled:
- i) the Stock Exchange granting the approval for the listing of, and the permission to deal in, the Rights Shares;

- ii) the Rights Issue having been approved by the Shareholders at the EGM by an ordinary resolution;
- iii) all necessary consents and approvals to be obtained on the part of each of the Placing Agent and the Company in respect of the Placing Agreement and the transactions contemplated thereunder having been obtained; and
- iv) the Placing Agreement not having been terminated in accordance with the provisions thereof, including provisions regarding the force majeure events.

None of the above conditions precedent are capable of being waived by the parties to the Placing Agreement. For the avoidance of doubt, if all the Rights Shares are fully subscribed under the Rights Issue, the Placing will not proceed.

The Company shall use its best endeavour to procure the fulfilment of the conditions to the Placing and undertakes to inform the Placing Agent promptly of any matter or circumstance which comes to the attention of it and indicating that any of such conditions being unable or fail to fulfil. If any of such conditions have not been fulfilled by the Placing Long Stop Date (as defined below) or become incapable of being fulfilled (unless extended by mutual consent of the Company and the Placing Agent), then all respective rights, obligations and liabilities of the Company and the Placing Agent in relation to the Placing shall cease and determine, save in respect of any accrued rights or obligations under the Placing Agreement and none of the parties thereto shall have any claim against any other in respect of the Placing.

The Placing agent will take all appropriate steps to ensure that sufficient public float is maintained in compliance with Rule 8.08 of the Listing Rules. In the event that the Rights Issue would result in public float not being maintained, the Placing Agent will take necessary action to place down the Shares such that sufficient public float could be maintained in compliance with Rule 8.08 of the Listing Rules.

Termination

- : If any of the following events occur at any time prior to 6:00 p.m. on the third Business Day after the last day of the Placing Period (the “**Placing Long Stop Date**”), the Placing Agent may (after such consultation with the Company and/or its advisers as the circumstances shall admit or be necessary), by giving a written notice to the Company, at any time prior to the date of completion of the Placing provided that such notice is received by the Company prior to 6:00 p.m. on the Placing Long Stop Date, terminate the Placing Agreement without liability to the other parties and, subject to clauses in the Placing Agreement which survives termination, the Placing Agreement shall thereupon cease to have effect and none of the parties to the Placing Agreement shall have any rights or claims by reason thereof save for any rights or obligations which may accrue under the Placing Agreement prior to such termination:
 - (a) in the reasonable opinion of the Placing Agent there shall have been since the date of the Placing Agreement such a change in national or international financial, political or economic conditions or taxation or exchange controls as would be likely to prejudice materially the consummation of the Placing; or
 - (b) the introduction of any new law or regulation or any change in existing law or regulation (or the judicial interpretation thereof) or other occurrence of any matter whatsoever which may adversely affect the business or the financial or trading position or prospects of the Group as a whole; or

- (c) any material breach of any of the representations and warranties by the Company comes to the knowledge of the Placing Agent or any event occurs or any matter arises on or after the date of the Placing Agreement and prior to the date of completion of the Placing which if it had occurred or arisen before the date of the Placing Agreement would have rendered any of such representations and warranties untrue or incorrect in any material respect or there has been a material breach by the Company of any other provision of the Placing Agreement; or
- (d) any moratorium, suspension or restriction on trading in shares or securities generally on the Stock Exchange due to exceptional financial circumstances; or
- (e) there is any adverse change in the financial position of the Company which in the reasonable opinion of the Placing Agent is material in the context of the Placing.

The Unsubscribed Arrangements are in compliance with the requirements under Rule 7.21(1)(b) of the Listing Rules under which the No Action Shareholders may be compensated even if they do nothing (i.e. neither subscribe for Rights Shares nor sell their nil-paid rights) given that the Unsubscribed Rights Shares will be first offered to Independent Third Parties and any premium over the Subscription Price will be paid to the No Action Shareholders. The commission payable to the Placing Agent and the related fees and expenses in relation to such placing will be borne by the Company.

The Placing Agent confirms that it is an Independent Third Party. The terms of the Placing Agreement, including the placing commission, were determined after an arm's length negotiation between the Placing Agent and the Company with reference to the prevailing market rate and the Company considers the terms to be normal commercial terms.

The Company considers that the Unsubscribed Arrangements will provide a compensatory mechanism for the No Action Shareholders, protect the interests of the Independent Shareholders, and be fair and reasonable, in the interests of the Company and the Shareholders as a whole.

Given that the Company has put in place the Unsubscribed Arrangements as required by Rule 7.21(1)(b) of the Listing Rules, there will be no excess application arrangements in relation to the Rights Issue as stipulated under Rule 7.21(1)(a) of the Listing Rules.

Conditions of the Rights Issue

The Rights Issue is conditional upon the following conditions:

- (1) the passing of the necessary resolutions by the Shareholders (or as the case may be, the Independent Shareholders) at the EGM approving, among other things, the Rights Issue and the transactions contemplated thereunder (including but not limited to the allotment and issue of the Rights Shares) by no later than the Posting Date of a certificate authorizing registration of the Prospectus with Hong Kong Companies Registry;
- (2) the delivery to the Stock Exchange and filing and registration with the Registrar of Companies in Hong Kong, the Prospectus Documents in compliance with the Listing Rules and the Companies (Winding-Up and Miscellaneous Provisions) Ordinance not later than the Posting Date;
- (3) following registration, the posting of the Prospectus Documents to the Qualifying Shareholders (and where applicable, the posting of the Prospectus to the Non Qualifying Shareholders, if any, for information purposes only) and the publication of the Prospectus Documents on the website of the Stock Exchange on or before the Posting Date;
- (4) the Stock Exchange granting or agreeing to grant (subject to allotment) and not having withdrawn or revoked the listing of, and permission to deal in, the Rights Shares (in their nil-paid and fully-paid forms) by no later than the first day of their dealings;
- (5) the Placing Agreement not being terminated pursuant to the terms thereof and remain in full force and effect; and
- (6) all other necessary waivers, consents, and approvals (if required) from the relevant governmental or regulatory authorities for the Rights Issue and the transactions contemplated thereunder having been obtained and fulfilled.

None of the above conditions precedent can be waived. If any of the conditions referred to above are not fulfilled at or before 5:00 p.m. on Thursday, 29 January 2026 (or such later date as the Company may determine), the Rights Issue will not proceed.

As the proposed Rights Issue is subject to the above conditions, it may or may not proceed.

REASONS FOR THE RIGHTS ISSUE AND THE USE OF PROCEEDS

The Directors believe that the Rights Issue will raise the Group's corporate profile and enhance its capital base, enabling it to expand the scale and scope of its operations further.

The net proceeds of the Rights Issue (the “**Net Proceeds**”) to be received by the Company after deducting all estimated expenses payable by the Group and assuming full acceptance of the Rights Issue, and no new Shares will be allotted or issued on or before the Record Date are estimated to be up to approximately HK\$119.3 million. The Directors plan to use such proceeds as follows:

- (i) approximately 74.9% of the Net Proceeds, or approximately HK\$89.3 million, will be allocated to meet the genuine needs identified for the expansion of the Group's Control System Business (as defined below) and Building Intelligence Business (as defined below); and
- (ii) approximately 25.1% of the Net Proceeds, or approximately HK\$30.0 million, will be allocated for general working capital and general corporate purposes.

Based on the existing business plan, the above-planned proceeds are expected to be fully utilised by the Group within twelve months following the Completion.

Expansion of the Control System Business and the Building Intelligence Business

Throughout the year, the Group has remained dedicated to (i) providing customers with automation control systems and solutions (the “**Control System Business**”); and (ii) selling intelligent systems and related products, including video intercoms and surveillance systems designed for residential properties and buildings (the “**Building Intelligence Business**”).

Following the release of the Group's annual financial results for the year ended 31 March 2025, the Directors have identified a significant decline in revenue across the Building Intelligence Business and the Control System Business. Specifically, revenue from the Building Intelligence Business decreased from approximately HK\$24.3 million for the year ended 31 March 2024 to approximately HK\$1.6 million for the year ended 31 March 2025. Meanwhile, revenue from the Control System Business declined from approximately HK\$38.0 million to approximately HK\$29.5 million over the same period.

Upon thorough analysis, the Directors recognised that the primary reason for the revenue decline was the reduced demand for building intelligence operations (the “**B-IO**”) systems. The real estate sector in China, which is a significant driver of B-IO system adoption, is currently facing unprecedented financial challenges. These include widespread defaults and a substantial oversupply of unsold properties, resulting in a drastic reduction in construction and investment activity. This situation has been further exacerbated by strict government debt limits, which have negatively impacted developers’ finances, caused delays and significant reduction in new construction projects, and shifted market sentiment toward a more cautious approach. Consequently, there has been a decline in the motivation to invest in B-IO systems in China.

Additionally, the Directors noted that the Group’s focus on providing services and products primarily in China has made it particularly vulnerable to recent unfavorable macroeconomic changes in that market. To address these challenges, the Board concluded that the Group should leverage its extensive product knowledge and industry experience to explore and develop opportunities in alternative geographical markets. This strategic initiative aims to reduce the Group’s concentration risk and establish a foundation for sustained long-term growth, ultimately improving the Group’s financial performance.

To implement its development strategy, the Group plans to take an initial step by relocating production from China to an alternative location, such as Australia. Currently, the Group operates production facilities in China to support its operations. The Group sources all components from Chinese suppliers and utilises its design, assembly, and testing expertise in Australia. Finally, production occurs in China, and the final products are labeled as “Made in China” and primarily marketed in China.

However, the Directors have recognised that there are significant challenges in selling these products directly to the global market. These challenges primarily arise from geopolitical tensions, national security concerns regarding intelligent buildings with monitoring and security features, restrictions on market access, and tariffs imposed by the United States, all of which have adversely affected several of the Company’s competitive advantages. To address these challenges, the Company plans to leverage its extensive product knowledge and industry expertise, combined with its established supply chain network, to establish production facilities in Australia. This strategic approach will enable the development and production of products that meet the highest international standards.

The primary objective of this strategy is to create a framework that ensures compliance of Chinese electronics and communication product components with global standards, facilitating their distribution in international markets. As a result, the Group will continue to employ its expertise to design, assemble, and test electronics and communications equipment in Australia, while sourcing all necessary components for production from China. The Group will ensure that source code compilation and installation (including firmware and software) occur in Australia, and that data storage complies with the standards set by the Australian government. The goal is to procure that the final products are labeled as “Made in Australia” and marketed overseas especially in the western market.

The Board would like to emphasise that the business model is well-established, with no significant changes to the existing framework. The know-how gained from the Group will play a crucial role in the development of the new strategy. Moreover, after discussions, the Group executed memorandum of understanding with its existing Chinese supplier where such supplier has indicated its willingness to continue supplying essential components to support the Group's operations.

Furthermore, the Group has formed collaborations with three companies in Australia, each possessing extensive customer networks. These companies have expressed their readiness to serve as official sales channels for marketing the Group's products within Australia and for facilitating exports to other international markets. As a result, the Board is confident that the proposed plan can be executed as intended, provided that the necessary funding is secured.

According to the plan outlined above, the Company intends to allocate approximately HK\$89.3 million from the Net Proceeds for the development and expansion of its Building Intelligence Business. The planned allocation of these funds is detailed as follows:

- (i) approximately HK\$61.9 million, approximately 51.9% of the Net Proceeds, will be allocated for the lease of a new production plant in Australia, of which (a) approximately HK\$6.3 million will be used for leasing of a production facility in Australia; and (b) approximately HK\$55.6 million will be used to set up production lines, where this setup will include the purchase of assembly machines, molding machines, automated inspection machines, other essential machinery and equipment needed, and preparation for and readiness of the production environment for the new plant;
- (ii) approximately HK\$24.5 million, approximately 20.5% of the Net Proceeds, will be allocated to facilitate the recruitment of qualified personnel, including a minimum of ten (10) factory workers, eight (8) software engineers, three (3) operation managers, and eight (8) hardware engineers. Each candidate will be selected based on their extensive industry experience to ensure the efficient operation of the new production facilities; and
- (iii) approximately HK\$2.9 million, approximately 2.4% of the Net Proceeds, will be allocated to expanding the Group's sales and marketing network. This initiative includes (a) recruiting sales personnel to enhance the Group's online presence; (b) increasing investment in advertising; and (c) launching marketing activities for the Group's services and products. These activities will also involve organizing offline events, such as product launches, to further promote the Group's offerings and engage with the target audience.

According to the plan, the funding is expected to be fully utilised on or before 12 months. The production plan will be completed by second half of 2026, and the products are scheduled to launch on or before the end of 2026.

General working capital and general corporate purposes

In preparation for the expected growth in the Company's business activities, the Directors have acknowledged the likelihood of a significant rise in operating expenses to facilitate this expansion. Consequently, after referencing the financial information of the Group for the year ended 31 March 2025, including the administrative and other operating expenses, and the cash resources, the Directors have determined to allocate HK\$30.0 million from the Net Proceeds specifically to address these operating expenses. This budget is anticipated to cover approximately HK\$17.0 million for employee salaries and related costs, approximately HK\$6.0 million for legal and professional fees, HK\$2.0 million for rental payment, and approximately HK\$5.0 million for other administrative costs.

Other fund-raising alternatives

Apart from the Rights Issue, the Directors have considered other debt/equity fundraising alternatives such as bank borrowings, placing, or an open offer. The Directors noted that bank borrowings will carry interest costs and may require the provision of security and creditors will rank before the Shareholders, and placings will dilute the interests of Shareholders without giving them the opportunity to take part in the exercise. As opposed to an open offer, the Rights Issue enables the Shareholders to sell the nil-paid rights in the market. The Rights Issue will allow the Qualifying Shareholders to maintain their respective pro-rata shareholding interests in the Company and to continue to participate in the Company's future development.

Having considered the abovementioned alternatives, the Directors consider raising funds through a Rights Issue more attractive in the current market condition. The Rights Issue will enable the Company to strengthen its working capital base and enhance its financial position while allowing the Qualifying Shareholders to maintain their proportional shareholdings in the Company.

Based on the above, the Board considers that raising capital through the Rights Issue is in the interests of the Company and the Shareholders as a whole. In addition, having considered the capital needs of the Group, the terms of the Rights Issue and the Subscription Price, the Board also considers that it is in the interests of the Company to proceed with the Rights Issue on a non-underwritten basis. However, those Qualifying Shareholders who do not take up the Rights Shares to which they are entitled and Non-Qualifying Shareholder(s), if any, should note that their shareholdings will be diluted.

Conclusion

The Board is currently evaluating the need for additional working capital. As of 30 September 2025, the Group's estimated cash and cash equivalent was approximately HK\$3 million, a significant portion of which will be earmarked for the working capital requirements of the Group's ongoing business activities. Considering this, the Board is contemplating the possibility of raising further funds, which they believe would be in the best interest of the Company and its shareholders in order to meet imminent financial commitments.

In the event that the proceeds raised by the Rights Issue is less than the aforesaid estimated net proceeds of approximately HK\$119.3 million, the Company will allocate the use of proceeds proportionately and will further evaluate options including, amongst others, reducing the proposed investment amount or exploring other financing, and/or fund-raising alternatives. The Group is minded on improving its profitability.
