**Other Information**

The directors of the Company and the Sub-Fund are responsible for the other information. The other information comprises all of the information included in the annual report other than the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Responsibilities of Directors for the Financial Statements**

The directors of the Company and the Sub-Fund are responsible for the preparation of the financial statements that give a true and fair view in accordance with HKFRS Accounting Standards as issued by the HKICPA, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's and the Sub-Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company and the Sub-Fund or to cease operations, or have no realistic alternative but to do so.

In addition, the directors are required to ensure that the financial statements of the Company and the Sub-Fund have been properly prepared in accordance with the relevant disclosure provisions of the Instrument of Incorporation of E Fund ETF Series OFC dated 30 June 2022 (the "Instrument of Incorporation"), Part 7 of the Securities and Futures (Open-ended Fund Companies) Rules ("OFC Rules"), Appendix E of the Code on Unit Trusts and Mutual Funds ("UT Code") and Chapter 9 of the Code on Open-Ended Fund Companies ("OFC Code") issued by the Hong Kong Securities and Futures Commission.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. We report our opinion solely to you, as a body, in accordance with Section 153 of the OFC Rules, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSA's will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. In addition, we are required to assess whether the financial statements of the Company and the Sub-Fund have been properly prepared, in all material respects, in accordance with the relevant disclosure provisions of the Instrument of Incorporation, Part 7 of the OFC Rules, Appendix E of the UT Code and Chapter 9 of the OFC Code.

As part of an audit in accordance with HKSA's, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's and the Sub-Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's and the Sub-Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company and the Sub-Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

**Auditor's Responsibilities for the Audit of the Financial Statements (Continued)**

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

**Report on matters under the relevant disclosure provisions of the Instrument of Incorporation, Part 7 of the OFC Rules, Appendix E of the UT Code and Chapter 9 of the OFC Code**

In our opinion, the financial statements of the Company and the Sub-Fund have been properly prepared, in all material respects, in accordance with the relevant disclosure provisions of the Instrument of Incorporation, Part 7 of the OFC Rules, Appendix E of the UT Code and Chapter 9 of the OFC Code.

The engagement partner on the audit resulting in this independent auditor's report is Ms. Hui Wing Yee (practising certificate number: P06395).

(A SUB-FUND OF E FUND ETF SERIES OFC)**

**NOTES TO THE FINANCIAL STATEMENTS**

**1. GENERAL INFORMATION**

E Fund ETF Series OFC (the “Company”) is a public umbrella open-ended fund company with variable capital with limited liability, which was incorporated in Hong Kong under the Securities and Futures Ordinance (Cap. 571) of Hong Kong (the “SFO”) on 1 June 2022 with the company number OF69. The Company is constituted by way of its Instrument filed to the Companies Registry of Hong Kong on, and effective as of, 1 June 2022.

The Company is registered with the Securities and Futures Commission of Hong Kong (the “SFC”) under Section 112D of the SFO. The Company is authorised as a collective investment scheme by the SFC under Section 104 of the SFO.

As at 30 June 2025, the Company has one Sub-Fund namely E Fund (HK) HSI ESG Enhanced Index ETF, which commenced trading under the stock code 3039 on the Stock Exchange of Hong Kong Limited (“SEHK”) on 10 October 2022 and falls within Chapter 8.6 of the Unit Trusts and Mutual Funds (the “SFC Code”) issued by the SFC.

The Sub-Fund will adopt a full replication strategy by directly investing all, or substantially all, of the Sub-Fund’s assets in securities constituting the HSI ESG Enhanced Index (“Index”) in substantially the same weightings as these Index Securities have in the Index. E Fund Management (Hong Kong) Co., Limited (the “Manager”) will not use a representative sampling strategy other than in exceptional circumstances. The investment objective of the Sub-Fund is to provide investment results that, before deduction of fees and expenses, closely correspond to the performance of the Index.

As at 30 June 2025, the Sub-Fund held 73 out of 73 (2024: 70 out of 70) constituents comprising the Index in proportion to the constitution of the Index.

Under exceptional circumstances (i.e. due to restrictions, suspensions of trading, limited availability of certain Index Securities, corporate events, or as the Manager believes there is significant market mispricing or foreseeable market turbulence), where it is not feasible or not in the best interest of investors to acquire certain securities which are constituents of the Index and/or it is not cost efficient, by reference to the Sub-Fund’s Net Asset Value, to use a full replication strategy, the Manager may without prior notice to shareholders, also use a representative sampling strategy to invest in the following, in its absolute discretion, and as often as the Manager believes is appropriate, in order to achieve the investment objective of the Sub-Fund by tracking the Index as closely as possible to the benefit of shareholders: (i) a representative sample whose performance is closely correlated with the Index, but whose constituents may or may not themselves be constituents of the Index; and/or (ii) other collective investment schemes (CIS). “CIS” means an exchange traded fund and/or an unlisted index tracking fund which tracks an index that has a high correlation with the Index. The Sub-Fund’s ability to invest in other CIS may not exceed 10% of its Net Asset Value and the Sub-Fund will not hold more than 10% of any units issued by any single CIS; and/or (iii) financial derivative instruments (FDIs) (e.g. futures contracts) with no more than 10% of the Sub-Fund’s Net Asset Value for investment and hedging purposes, where the Manager believes such investments will help the Sub-Fund achieve its investment objective and are beneficial to the Sub-Fund. In pursuing a representative sampling strategy, the Manager may cause the Sub-Fund to deviate from the Index weighting on condition that the maximum deviation from the Index weighting of any constituent will not exceed 3% or such other percentage as determined by the Manager after consultation with the SFC. If any non-constituent of the Index is held in the portfolio, for reasons other than Index rebalancing and Index related corporate action, to enhance transparency the Manager will disclose the name and weighting of such non - constituent securities and other CIS on the Manager’s website immediately after the purchase and it will be reported daily until its disposal. The Sub-Fund may conduct securities lending transactions, sale and repurchase transactions and/or reverse repurchase transactions in aggregate for up to 10% of its Net Asset Value. Other than pursuing a representative sampling strategy during exceptional circumstances as disclosed above, the Manager does not intend to invest in FDIs for any purpose.

**(b) Financial assets at fair value through profit or loss**

**(i) Classification**

The Sub-Fund classifies their investments based on both the Sub-Fund’s business model for managing those financial assets and the contractual cash flow characteristics of the financial assets. The portfolio of financial assets is managed and performance is evaluated on a fair value basis. The Sub-Fund is primarily focused on fair value information and use that information to assess the assets’ performance and to make decisions. This category includes equity instruments which are acquired principally for the purpose of generating a profit from short-term fluctuations in price. Consequently, all investments are measured at fair value through profit or loss.

As such, the Sub-Fund classifies all of their investment portfolio as financial assets as fair value through profit or loss.

**(b) Financial assets at fair value through profit or loss (Continued)**

**(i) Classification (Continued)**

The Sub-Fund's policy requires the Manager to evaluate the information about these financial assets on a fair value basis together with other related financial information.

**(ii) Recognition/derecognition**

Regular purchases and sales of investments are recognised on the trade date - the date on which the Sub-Fund commit to purchase or sell the investment. Financial assets at fair value through profit or loss are derecognised when the rights to receive cash flows from the investments have expired or the Sub-Fund have transferred substantially all risks and rewards of ownership.

**(iii) Measurement**

Financial assets at fair value through profit or loss are initially recognised at fair value. Transaction costs are expensed in the statement of profit or loss and other comprehensive income.

Subsequent to initial recognition, all financial assets at fair value through profit or loss are measured at fair value. Gains and losses arising from changes in the fair value of financial assets at fair value through profit or loss are presented in the statement of profit or loss and other comprehensive income within net changes in fair value of financial assets at fair value through profit or loss in the period in which they arise.

**(iv) Fair value estimation**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of financial assets and liabilities traded in active markets (such as publicly traded securities) is based on quoted market prices at the close of trading on the reporting date. The Sub-Fund utilises the last traded market price for listed financial assets where the last traded price falls within the bid-ask spread. In circumstances where the last traded price is not within the bid-ask spread, the Manager will determine the point within the bid-ask spread that is most representative of fair value.

**(v) Transfers between levels of the fair value hierarchy**

Transfers between levels of the fair value hierarchy are deemed to have occurred at the beginning of the reporting period.

**(c) Interest income**

Interest income is recognised on a time-proportionate basis using the effective interest method. It includes interest income from cash and cash equivalents.

**(d) Distribution to shareholders**

Distributions to shareholders are recognised in the Statement of Net Assets Attributable to Shareholders when they are approved by the Manager. Distributions to shareholders are recognised as distributions in the Statement of Changes in Net Assets Attributable to Shareholders.

The functional currency of the Sub-Fund is HKD. The Sub-Fund has assets and liabilities denominated in currencies other than HKD, its functional and presentation currency.

The Sub-Fund holds assets and liabilities mainly denominated in HKD, the functional currency of the Sub-Fund. The Manager considers the Sub-Fund is not exposed to significant currency risk and therefore no sensitivity analysis is presented.

**(d) Credit and counterparty risk**

Credit risk is the risk that an issuer or counterparty will be unable or unwilling to meet a commitment that it has entered into with the Sub-Fund.

The Sub-Fund's financial assets which are potentially subject to concentrations of credit risk consist of dividend receivables, amount due from Manager, cash and cash equivalents and financial assets at fair value through profit or loss. The table below summarises the assets placed with the Custodian and the credit rating of the Custodian is at or above investment grade as at 30 June 2025 and 2024.

All transactions in investments are settled/paid for upon delivery using approved and reputable Custodian. The risk of default is considered minimal, as delivery of investments sold is only made when the Sub-Fund's Custodian has received payment. Payment is made on a purchase once the investments have been received by the Sub-Fund's Custodian. The trade will fail if either party fails to meet its obligation.

The Sub-Fund measure credit risk and expected credit losses using probability of default, exposure at default and loss given default. Manager considers both historical analysis and forward looking information in determining any expected credit loss. The Sub-Fund's financial assets subject to the ECL model within HKFRS 9 are dividends receivables, amount due from Manager and cash at bank. Manager consider the probability of default to be close to zero as the counterparties have a strong capacity to meet their contractual obligations in the near term. Applying the requirements of HKFRS 9, the expected credit loss is immaterial for the Sub-Fund and, as such, no expected credit loss has been recognised within the financial statements.

**(e) Liquidity risk**

Liquidity risk is defined as the risk that the Sub-Fund will encounter difficulties in meeting its obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Exposure to liquidity risk arises because of the possibility that the Sub-Fund could be required to pay its liabilities or redeem its shares earlier than expected. The Sub-Fund is exposed to daily cash redemptions of its redeemable shares. Shares are redeemable at the holder's option based on the Sub-Fund's net assets attributable to shareholders per share at the time of redemption, calculated in accordance with the Sub-Fund's Trust Deed. It is the Sub-Fund's policy that the Manager monitors the Sub-Fund's liquidity position on a daily basis.

The Sub-Fund invests all of their assets in investments that are traded in active market and can be readily disposed of. The Sub-Fund's securities are considered readily realisable, as they are listed. It is the intent of the Manager to monitor the Sub-Fund's liquidity position on a daily basis.

The table below summarises the maturity profile of the Sub-Fund's financial assets and liabilities at the end of the reporting period based on contractual undiscounted cash flows in order to provide a complete view of the Sub-Fund's contractual commitments and liquidity.

**(f) Fair value estimation**

The fair value of financial assets traded in active markets (such as publicly trading securities) is based on quoted market prices at the close of trading on the reporting date.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

There are no financial assets and financial liabilities that are not traded in an active market as at 30 June 2025 and 2024.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

The carrying amount of other receivables and payables are assumed to approximate their fair values.

The Sub-Fund has classified their fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices)
- Level 3: Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs)

**(f) Fair value estimation (Continued)**

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgment, considering factors specific to the asset or liability.

The determination of what constitutes ‘observable’ requires significant judgment by the Sub-Fund. The Sub-Fund considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

The following table analyses within the fair value hierarchy the Sub-Fund investments (by class) measured at fair value at 30 June 2025 and 2024:
