VOLUNTARY ANNOUNCEMENT UNUSUAL PRICE AND TRADING VOLUME MOVEMENTS

This announcement is made by CaoCao Inc. (the “**Company**”, together with its subsidiaries and consolidated affiliated entities, the “**Group**”) on a voluntary basis.

The board of directors (the “**Board**”) of the Company has noted the recent unusual movements in the price and trading volume of the shares of the Company. Having made reasonable enquiries, the Board confirms that, as of the date of this announcement, it is not aware of any reasons for these price and trading volume movements or any information that needs to be disclosed to avoid a false market in the Company’s securities, or any inside information that needs to be disclosed under Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong).

Currently, the Group continues its normal business operations as usual, and there has been no significant adverse change in the Group’s overall business fundamentals. The Group’s core business, i.e., ride-hailing business continues to develop steadily, with operations meeting management’s expectations. At the same time, the Group has a clear medium to long term strategic direction for autonomous driving (Robotaxi) and is steadily advancing according to the established plan. Meanwhile, the Group is steadily strengthening its international business layout, actively exploring overseas markets and related cooperation opportunities to support the Company’s medium-to-long-term development strategy.

The Board hereby reiterates that the Group will continue to focus on its principal ride-hailing business, continuously improving operational efficiency and service quality, and prudently advancing the medium-to-long-term strategic layout, including autonomous driving and international expansion. The Company’s management maintains a cautious yet positive attitude towards the Group’s long term development prospects.

Shareholders and potential investors of the Company are advised to exercise caution when dealing in the Company's securities.
