Background

The Notes are listed on the SGX-ST. The obligations of the Company under the Notes are guaranteed by certain of the Company's existing subsidiaries. As of the date of this announcement, the aggregate principal amount of US\$361 million of the Notes remains outstanding.

The Company is making an offer to purchase for cash, an aggregate principal amount up to the Maximum Acceptance Amount at a purchase price of US\$1,000 per US\$1,000 principal amount of the Notes. The Company has made available today to the Eligible Holders the Offer to Purchase setting out, among other things, the terms and the New Issue Condition and other conditions of the Offer.

The Company is conducting a Concurrent New Money Issuance. The Concurrent New Money Issuance is not part of the Offer and is conducted pursuant to a separate offering memorandum. The Maximum Acceptance Amount of the Offer to Purchase will be the lower of the Outstanding Principal Amount of the Notes and the New Issue Amount. The Offer to Purchase is subject to, among others, the New Issue Condition and the Priority of Acceptance. The Company expects to announce the interest rate and other pricing details of the New Notes on or about 20 January 2026.

The Offer

On the terms and subject to the New Issue Condition and other conditions of the Offer, the Company is offering to purchase for cash, an aggregate principal amount of the Notes up to the Maximum Acceptance Amount. The Company will determine, in its sole discretion, the aggregate principal amount of the Notes (if any) that it will accept for purchase pursuant to the Offer. It is the current intention of the Company that the Maximum Acceptance

Amount will be the lower of the Outstanding Principal Amount of the Notes and the New Issue Amount, although the Company reserves the right, in its sole discretion, to accept significantly more than or significantly less than such amount, or to accept none of such Notes, for purchase pursuant to the Offer.

An Eligible Holder that wishes to tender its Notes for purchase pursuant to the Offer in addition to subscribing for New Notes may receive (at the Company's sole and absolute discretion) Priority of Acceptance in the Offer through the use of an Investor Code, subject to the Maximum Acceptance Amount and other conditions which are set out in the Offer to Purchase.

An Eligible Holder can request an Investor Code by contacting the Dealer Managers, the contact details for which are set out in the Offer to Purchase. The Information and Tender Agent will, upon receipt of certain required information from the Dealer Managers, provide such Investor Code to such Eligible Holder. The receipt of such Investor Code from the Dealer Managers by an Eligible Holder who wishes to tender its Notes in the Offer in addition to subscribing for New Notes does not constitute acceptance of a tender of the Notes for purchase pursuant to the Offer by the Company.

An Eligible Holder that wishes to subscribe for New Notes in addition to tendering their Notes for purchase pursuant to the Offer to Purchase may receive preference in the allocation of such New Notes, subject to conditions which are set out in the Offer to Purchase. When considering allocations of New Notes, the Company, among other factors, intends to look favorably upon those Eligible Holders who have, prior to the allocation of the New Notes, indicated their firm intention to the Company or the Dealer Managers to tender their Notes.

Subject to the Priority of Acceptance set forth above, acceptance of the Notes may be subject to proration as set out in the Offer to Purchase.

In the event of any proration, the Company will round downward, if necessary, to ensure all purchases of the Notes will be in a minimum principal amount of US\$200,000 and integral multiples of US\$1,000 in excess thereof.

For a detailed statement of the terms and conditions of the Offer, Eligible Holders should refer to the Offer to Purchase. The Offer to Purchase will be distributed to Eligible Holders by Kroll Issuer Services Limited, the Information and Tender Agent for the Offer via the Offer Website: <https://deals.is.kroll.com/chinaoilandgas>.

Purchase Price

The Purchase Price payable to the Eligible Holders whose Notes are accepted for purchase will be equal to US\$1,000 for each US\$1,000 in principal amount of the Notes.

Accrued Interest Payment

The Company will also pay an Accrued Interest Payment in respect of the Notes accepted for purchase pursuant to the Offer on the Settlement Date.

Sources of Funds

The Company intends to finance the Offer with the proceeds from the Concurrent New Money Issuance.

Tender Instructions

In order to participate in the Offer, Eligible Holders must validly tender their Notes for purchase by delivering, or arranging to have delivered on their behalf, a valid Tender Instruction that is received by the Information and Tender Agent by the Expiration Deadline, unless extended, re-opened, amended and/or terminated as provided in the Offer to Purchase.

Separate Tender Instructions must be submitted on behalf of each individual beneficial owner due to potential proration. Tender Instructions will be irrevocable once delivered in accordance with the terms of the Offer.

Each Tender Instruction must specify the principal amount of the Notes that the relevant Eligible Holder is tendering at the Purchase Price. The Notes may be tendered only in minimum denominations of US\$200,000 and integral multiples of US\$1,000 in excess thereof.
