THE SILVER INVESTMENT

On 11 February 2026, the Group, by utilising part of the Silver Disposal Proceeds, placed an order for the purchase of approximately 150,000 ounces of allocated silver bullion (i.e. the Silver Investment) through the Bank at the consideration of approximately HK\$98.1 million (i.e. RMB87.1 million), and such order was matched on the same day. The Silver Investment is expected to be completed on 13 February 2026, and the aforesaid consideration is expected to be payable by the Group on settlement in cash.

IMPLICATIONS UNDER THE LISTING RULES

For the Silver Investment, as at least one of the applicable percentage ratios calculated under Chapter 14 of the Listing Rules in connection with the consideration of the Silver Investment reached 5% or more but is less than 25%, the Silver Investment constitutes a discloseable transaction of the Company pursuant to Chapter 14 of the Listing Rules, and is subject to the relevant reporting and announcement requirements, but is exempt from the Shareholders' approval requirement under the Listing Rules.

Under Rule 14.22 of the Listing Rules, on the basis that both the Silver Investment and the Gold Investments (i) are investments in precious metal made by the Group as part of its treasury management; and (ii) were made through the Bank, the Silver Investment shall be aggregated together with the Gold Investments as if they were one transaction. As the highest applicable percentage ratio calculated under Chapter 14 of the Listing Rules in connection with the aggregate consideration of the Investments (i.e. the Silver Investment and the four batches of Gold Investments) exceeds 25% but is less than 75%, the Investments (after being aggregated as if they were one transaction) constitutes a major transaction of the Company and is subject to the reporting, announcement and Shareholders' approval requirements under Chapter 14 of the Listing Rules.

Pursuant to Rule 14.44 of the Listing Rules, written Shareholders' approval may be accepted in lieu of holding a general meeting if: (a) no Shareholder is required to abstain from voting if the Company were to convene a general meeting for the approval of the Silver Investment and/or the Gold Investments; and (b) written approval has been obtained from a Shareholder or a closely allied group of Shareholders who together hold more than 50% of the voting rights at that general meeting to approve the Silver Investment and/or the Gold Investments.

To the best of the Directors' knowledge, information and belief having made all reasonable enquiry, none of the Shareholders has any material interest in the Silver Investment and/or the Gold Investments and no Shareholder is required to abstain from voting if a general meeting were to be convened for the approval of the Silver Investment and/or the Gold Investments.

The Company has, pursuant to Rule 14.44 of the Listing Rules, obtained written Shareholder's approval for the Silver Investment and the Gold Investments (being aggregated as if they were one transaction), and the transactions contemplated thereunder from its controlling shareholders, namely, Ms. MAN Lai Hung (an executive Director and the chairman of the Board) and Elland Holdings Limited (which is wholly owned by Ms. MAN Lai Hung), who hold 5,330,000 Shares and 735,040,000 Shares respectively. The total number of Shares held by the said controlling shareholders on the date of this announcement is 740,370,000 Shares, representing approximately 72.89% of the issued share capital of the Company. Pursuant to Rule 14.44 of the Listing Rules, no Shareholders' meeting will be held to approve the Silver Investment or the Gold Investments.

A circular (for information purposes only) containing, among other things, further details on both the Silver Investment and the Gold Investments and other information as required under the Listing Rules, will be despatched to the Shareholders by the Company. The Directors expect that the circular will be despatched on or before 9 March 2026.

References are made to (i) the Company's announcements dated 9 January 2026, 12 January 2026 and 14 January 2026 (collectively, the "**Silver Disposal Announcements**") in relation to the Group's disposal of a total of 680,000 ounces of unallocated silver bullion on 9 January 2026 and 14 January 2026 (collectively, the "**Disposals**"), where the aggregate proceeds from the Disposals amounted to approximately RMB387.9 million (the "**Silver Disposal Proceeds**"); and (ii) the Company's announcements dated 26 January 2026, 27 January 2026 and 30 January 2026 (the "**Gold Investment Announcements**") in relation to the purchase of a total of 2,730 ounces of unallocated gold bullion (the "**Gold Investments**") by the Group. Unless the context requires otherwise, capitalised terms used in this announcement shall have the same meanings as those defined in the Gold Investment Announcements.

I. THE SILVER INVESTMENT

On 11 February 2026, the Group, by utilising part of the Silver Disposal Proceeds, placed an order for the purchase of approximately 150,000 ounces of allocated silver bullion (the "**Silver Investment**") through the Bank at the consideration of approximately HK\$98.1 million (i.e. RMB87.1 million), and such order was matched on the same day. The Silver Investment is expected to be completed on 13 February 2026, and the aforesaid consideration is expected to be payable by the Group on settlement in cash. Such consideration for the Silver Investment was determined with reference to the recent market prices of allocated silver bullion as quoted by the Bank.

As of the date of this announcement, the unaudited carrying value of the approximately 150,000 ounces of allocated silver bullion purchased under the Silver Investment amounted to approximately HK\$98.1 million.

II. RISK CONTROL MEASURES

All of the Silver Investment and the Gold Investments (collectively, the "**Investments**") were made as part of the Group's treasury management. Adhering to the principle of safeguarding the interests of all Shareholders, the Company exercised stringent control and made prudent decision in respect of its investment decisions. The Company has (and will continue to have) stringent risk control and supervision with a view to maximising returns to the Shareholders.

III. INFORMATION ABOUT THE GROUP AND THE BANK

The Group is a service provider with a diversified service portfolio comprising five main service segments: property management services, retail services, off-campus training services, information technology services and ancillary living services (which consists of catering services, property agency services, employment placement services and laundry services).

The Silver Investment was made through the Bank, and the identities of the ultimate counterparties of the Silver Investment cannot be ascertained. To the best knowledge, information and belief of the Directors, after having made all reasonable enquiries, the counterparties and their respective ultimate beneficial owners are Independent Third Parties.

According to the public information available to the Board, the Bank is a bank licensed under the Banking Ordinance and its entire equity interest is held by the Holdco, which is listed on the London Stock Exchange and the Stock Exchange. The Holdco and its subsidiaries are a leading international banking group which is principally engaged in wholesale and consumer banking businesses.

To the best knowledge, information and belief of the Directors having made all reasonable enquiries, as at the date of this announcement, the Bank, the Holdco (which is listed on the London Stock Exchange and the Stock Exchange) and any person(s) who have an interest and/or short position in the shares or underlying shares of the Holdco which would fall to be disclosed to the Holdco and the Stock Exchange under the provisions of Divisions 2 and 3 of Part XV of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong) are Independent Third Parties.

IV. REASONS FOR AND BENEFITS OF THE SILVER INVESTMENT AND THE GOLD INVESTMENTS

All of the Investments (including the Silver Investment and the Gold Investments) were funded by the Silver Disposal Proceeds, which are not immediately required for operation or capital expenditure purposes. Taking into consideration the relatively sluggish economic growth in the PRC, to management liquidity risk, (i) the Group closely monitors its liquidity and reserved additional working capital for maintaining a liquidity buffer to meet the Group's operational and contingency needs caused by market softening and/or increasing level of competition faced by the Group; and (ii) the Group has been actively making efforts to diversify its asset structure and make appropriate adjustment regarding the market conditions, including but not limited to, investment in precious metals (including the Investments). Further, given the current macroeconomic environment, geopolitical tensions and economic uncertainties, precious metals are considered to be a relatively low-risk asset class in the foreseeable future for the purpose of long-term strategic investment. Investment in precious metals has shown consistent appreciation over the long-term and can deliver better returns during financial downturns, which serves as a viable store of value and a risk diversifier in the present economic climate, which serves the Group's treasury management objective on safety, liquidity, and capital preservation, aiming to safeguard the Group's resources for future development. As such, the investment in precious metals is considered by the Company a defensive, prudent and comparatively sound capital management measure, and is therefore beneficial to the Group and the Shareholders.

In addition, bearing in mind potential counterparty risks involved, the Company prefers to make investment in allocated silver bullion or allocated gold bullion (which will be delivered to and kept by the Company upon request) to unallocated silver bullion or unallocated gold bullion (which can only be kept by the Bank), as it represents a relatively lower-risk option in terms of long term investment.

In the Silver Disposal Announcements, it was mentioned that the Silver Disposal Proceeds of approximately RMB387.9 million was intended to be used as general working capital. After due and careful consideration, the Board has resolved to change the intended use of approximately RMB180.0 million of the Silver Disposal Proceeds for long-term investment in precious metals. The Company has fully considered its funding needs for day-to-day operations and capital expenditure when making such investment decision. The Investments will not affect the day-to-day funding requirements of the Company.

The Directors (including the independent non-executive Directors) consider that the Silver Investment is in the interests of the Group and the Shareholders taken as a whole, and the terms of the Silver Investment (including the consideration for the Silver Investment with reference to the recent market prices of allocated silver bullion as quoted by the Bank) are fair and reasonable.

V. IMPLICATIONS UNDER THE LISTING RULES

For the Silver Investment, as at least one of the applicable percentage ratios calculated under Chapter 14 of the Listing Rules in connection with the consideration of the Silver Investment reached 5% or more but is less than 25%, the Silver Investment constitutes a discloseable transaction of the Company pursuant to Chapter 14 of the Listing Rules, and is subject to the relevant reporting and announcement requirements, but is exempt from the Shareholders' approval requirement under the Listing Rules.

Under Rule 14.22 of the Listing Rules, on the basis that both the Silver Investment and the Gold Investments (i) are investments in precious metal made by the Group as part of its treasury management; and (ii) were made through the Bank, the Silver Investment shall be aggregated together with the Gold Investments as if they were one transaction. As the highest applicable percentage ratio calculated under Chapter 14 of the Listing Rules in connection with the aggregate consideration of the Investments (i.e. the Silver Investment and the four batches of Gold Investments) exceeds 25% but is less than 75%, the Investments (after being aggregated as if they were one transaction) constitutes a major transaction of the Company and is subject to the reporting, announcement and Shareholders' approval requirements under Chapter 14 of the Listing Rules.

Pursuant to Rule 14.44 of the Listing Rules, written Shareholders' approval may be accepted in lieu of holding a general meeting if: (a) no Shareholder is required to abstain from voting if the Company were to convene a general meeting for the approval of the Silver Investment and/or the Gold Investments; and (b) written approval has been obtained from a Shareholder or a closely allied group of Shareholders who together hold more than 50% of the voting rights at that general meeting to approve the Silver Investment and/or the Gold Investments.

To the best of the Directors' knowledge, information and belief having made all reasonable enquiry, none of the Shareholders has any material interest in the Silver Investment and/or the Gold Investments and no Shareholder is required to abstain from voting if a general meeting were to be convened for the approval of the Silver Investment and/or the Gold Investments.

The Company has, pursuant to Rule 14.44 of the Listing Rules, obtained written Shareholder's approval for the Silver Investment and the Gold Investments (being aggregated as if they were one transaction), and the transactions contemplated thereunder from its controlling shareholders, namely, Ms. MAN Lai Hung (an executive Director and the chairman of the Board) and Elland Holdings Limited (which is wholly owned by Ms. MAN Lai Hung), who hold 5,330,000 Shares and 735,040,000 Shares respectively. The total number of Shares held by the said controlling shareholders on the date of this announcement is 740,370,000 Shares, representing approximately 72.89% of the issued share capital of the Company. Pursuant to Rule 14.44 of the Listing Rules, no Shareholders' meeting will be held to approve the Silver Investment or the Gold Investments.

A circular (for information purposes only) containing, among other things, further details on both the Silver Investment and the Gold Investments and other information as required under the Listing Rules, will be despatched to the Shareholders by the Company. The Directors expect that the circular will be despatched on or before 9 March 2026.
