VOLUNTARY ANNOUNCEMENT

INCLUSION OF THE COMPANY AS A CONSTITUENT STOCK OF THE HANG SENG COMPOSITE INDEX

This announcement is made voluntarily by Wasion Holdings Limited (the "**Company**"), together with its subsidiaries (the "**Group**"), to inform the Company's shareholders and potential investors of the latest development of the Company.

The board of directors of the Company (the "**Board**") is pleased to announce that, according to the quarterly review results of the Hang Seng Family of Indexes announced by Hang Seng Indexes Company Limited on 13 February 2026, the Company has been included as a constituent stock of the Hang Seng Composite Index. The change will take effect after the close of trading on Friday, 6 March 2026, and will become effective on Monday, 9 March 2026.

As a comprehensive benchmark indicator for Hong Kong stocks, the Hang Seng Composite Index provides extensive coverage of listed companies on the Main Board of The Stock Exchange of Hong Kong Limited that rank in the top 95% in terms of cumulative market capitalisation. It is widely used as a benchmark reference for index funds, mutual funds, and investment performance evaluation. Being included in the Hang Seng Composite Index will make the Company's shares eligible for trading under the Shanghai-Hong Kong Stock Connect and Shenzhen-Hong Kong Stock Connect (channels for stock trading between investors in Hong Kong, China and Mainland China).

The Board believes that the inclusion of the Company's shares in this significant index fully reflects investors' recognition of the Company's value and its growth development potential, and helps attract broader market attention, thereby broadening the Company's investor base and enhancing the trading liquidity of the Company's shares.

The Group is a leading provider of total solutions for smart metering, smart power distribution, and energy efficiency management in China. It is committed to the important mission of striving to become an "energy metering and energy saving expert" in China and even globally. In the future, to further consolidate the Group's leading position in digital energy solutions within the China market and the global AI era, the Group has announced the spin-off and listing of Wayon Energy Technology Co., Ltd. ("**Wayon Energy**"), a digital energy solutions provider focusing on the three core areas of smart distribution grids, data centres, and new-type energy storage, on the Main Board of The Stock Exchange of Hong Kong Limited. This aims to enhance its operational and financial performance, and is intended to provide better returns for the shareholders of Wayon Energy and the Company.

The Board would like to take this opportunity to thank the shareholders and investors for their continuous support to the Group, and will continue its efforts to develop the business and create value for shareholders.
