REASONS FOR THE DISPOSAL

The Company is principally engaged in investment holding, and the Group is principally engaged in (i) the manufacture and sale of liquid crystal displays (LCDs), LCDs modules (LCMs), Thin Film Transistor modules (TFTs) and Capacitive Touch Panel modules (CTPs) and (ii) providing AI compute and related services.

The Company started investing in Nantong Jianghai in 2005. Since then, the business of Nantong Jianghai has grown substantially and Nantong Jianghai became an independently listed company in 2010. From time to time, the Company undertakes a strategic review of its businesses and investments. In light of the recent performance of Nantong Jianghai Shares, the Company considers it an appropriate opportunity to further realise its investment in Nantong Jianghai through the Disposal, thereby enabling the Group to apply the net proceeds from the Disposal to further develop its businesses.

Based on the above, and having considered that the Disposal was executed at prevailing market prices on open market of the Shenzhen Stock Exchange, the Directors are of the view that the Disposal is fair and reasonable and in the interests of the Company and the Shareholders as a whole.

FINANCIAL EFFECT OF THE DISPOSAL AND USE OF PROCEEDS FROM THE DISPOSAL

Nantong Jianghai does not constitute an associate of the Company immediately before the Disposal. After the Disposal, the remaining Nantong Jianghai Shares owned by Billion Power continue to be measured at fair value through profit or loss in the Group's consolidated financial statements.

On the basis of the Total Consideration of RMB278,046,800 (equivalent to approximately HK\$313.78 million), the Company currently estimates that the Group will, as a result of the Disposal, realize an unaudited gain (before taxation) of approximately HK\$76 million in the Group's consolidated financial statements. The expected gain derived from the Disposal is calculated based on the difference between the net consideration received and the carrying values of the disposed Nantong Jianghai Shares as at 31 March 2025. It is intended that such net cash proceeds will be applied for repayment of bank loans, general working capital and business development of the Group.

Shareholders should note that the exact amount of the gain or loss on the Disposal to be recorded in the consolidated financial statements of the Group for the year ending 31 March 2026 (or any other applicable reporting period) will be subject to audit, and therefore may vary from the figure provided above.

LISTING RULES IMPLICATIONS

As one or more of the applicable percentage ratios under Rule 14.07 of the Listing Rules in respect of the Disposal is more than 5% but less than 25%, the Disposal constitutes a discloseable transaction for the Company under Chapter 14 of the Listing Rules and is therefore subject to the notification and announcement requirements under the Listing Rules.
