IMAX CORPORATION

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(Tabular amounts in thousands of U.S. Dollars, unless otherwise stated)

1. Basis of Presentation

Accounting Principles

IMAX Corporation (together with its subsidiaries, unless the context requires otherwise, the “**Company**” or “**IMAX**”), prepares financial statements in accordance with United States Generally Accepted Accounting Principles (“**U.S. GAAP**” or “**GAAP**”) and pursuant to the rules and regulations of the Securities and Exchange Commission (the “**SEC**”). Certain information and footnote disclosures have been condensed or omitted as permitted by such rules and regulations. In the opinion of the Company’s management, the unaudited Condensed Consolidated Financial Statements reflect all necessary adjustments for a fair statement of interim results. The Condensed Consolidated Balance Sheet at December 31, 2025 was derived from the Company’s audited annual Consolidated Financial Statements in the Company’s 2025 Annual Report on Form 10-K (the “**2025 Form 10-K**”). The interim results presented in the Company’s Condensed Consolidated Statements of Operations and Condensed Consolidated Statements of Cash Flows are not necessarily indicative of results for a full year. Certain prior period comparatives have been revised to conform with the current period presentation.

These unaudited Condensed Consolidated Financial Statements should be read in conjunction with the audited Consolidated Financial Statements in the 2025 Form 10-K, which includes significant accounting policies adopted by the Company.

Principles of Consolidation

These unaudited Condensed Consolidated Financial Statements include the accounts of IMAX together with its consolidated subsidiaries, except for subsidiaries which have been identified as variable interest entities (“**VIEs**”) where the Company is not the primary beneficiary. All intercompany accounts and transactions have been eliminated. The Company has evaluated its various variable interests to determine whether they are VIEs as required by U.S. GAAP.

Estimates and Assumptions

In preparing the Company's Condensed Consolidated Financial Statements, management makes judgments in applying various accounting policies. The areas of policy judgment are consistent with those reported in Note 2 of the Company's audited Consolidated Financial Statements included in its 2025 Form 10-K. The significant estimates made by management include, but are not limited to: (i) the allocation of the transaction price in an IMAX System arrangement to distinct performance obligations; (ii) the amount of variable consideration to be earned on sales of IMAX Systems based on projections of future box office performance and inflation; (iii) expected credit losses on accounts receivable, financing receivables, and variable consideration receivables; (iv) provisions for the write-down of excess and obsolete inventories; (v) the fair values of the reporting units used in assessing the recoverability of goodwill; (vi) the cash flow projections used in testing the recoverability of long-lived assets such as the system equipment supporting joint revenue sharing arrangements ("JRSAs"); (vii) the economic lives of the system equipment supporting joint revenue sharing arrangements; (viii) the useful lives of tangible and intangible assets; (ix) the ultimate revenue forecasts used to test the recoverability of film assets; (x) the discount rates used to determine the present value of financing receivables, variable consideration and lease liabilities, as well as to determine the fair values of the Company's reporting units for the purpose of assessing the recoverability of goodwill; (xi) pension plan assumptions; (xii) estimates related to the fair value and projected vesting of share-based payment awards; (xiii) the valuation allowance of deferred income tax assets; and (xiv) reserves related to uncertain tax positions.

3. Receivables

The ability of the Company to collect its receivables is principally dependent on the viability and solvency of individual theater operators which is significantly influenced by consumer behavior and general economic conditions. Theater operators, or other customers, may experience financial difficulties that could result in them being unable to fulfill their payment obligations to the Company.

In order to mitigate the credit risk associated with the Company's receivables, management performs an initial credit evaluation prior to entering into an arrangement with a customer and then regularly monitors the credit quality of each customer through an analysis of collections history and aging. This monitoring process includes meetings on at least a monthly basis to identify credit concerns and potential changes in credit quality classification. A customer may improve their credit quality classification once a substantial payment is made on an overdue balance or when the customer has agreed to a payment plan and payments have commenced in accordance with that plan. Changes in credit quality classification are dependent upon management approval. The Company's internal credit quality classifications are reported in Note 4 of the Company's audited Consolidated Financial Statements included in its 2025 Form 10-K.

During the period when the accretion of Finance Income is suspended for Financing Receivables, any payments received from a customer are applied against the outstanding balance owed. If payments are sufficient to cover any unreserved receivables, a reversal of the provision is recorded to the extent of the residual cash received. Once the collectability issues are resolved and the customer has returned to being in good standing, the Company will resume recognition of Finance Income.

When a customer's aging exceeds 90 days, the Company's policy is to perform an enhanced review to assess collectability of the theater's past due accounts. The over 90 days past due category may be an indicator of potential impairment as up to 90 days outstanding is considered to be a reasonable time to resolve any issues.

The Company develops an estimate of expected credit losses by class of receivable and customer type through a calculation that utilizes historical loss rates, which are then adjusted for specific receivables that are judged to have a higher-than-normal risk profile after considering management's internal credit quality classifications. Additional credit loss provisions are also recorded taking into account macro-economic and industry risk factors. The write-off of any billed receivable balance requires the approval of management.

Management's judgments regarding expected credit losses are based on the facts available to management and involve estimates about the future. As a result, the Company's judgments and associated estimates of credit losses may ultimately prove, with the benefit of hindsight, to be incorrect. The impacts of inflation, and rising interest rates may impact future credit losses. The Company will continue to monitor economic trends and conditions and portfolio performance and adjust its allowance for credit loss accordingly.

Accounts Receivable

Accounts receivable principally includes amounts currently due to the Company under IMAX System sale and sales-type lease arrangements, contingent fees owed by theater operators as a result of box office performance, and fees for maintenance services. Accounts receivable also includes amounts due to the Company from movie studios and other content creators principally for digitally remastering films into IMAX formats, as well as for film distribution and post-production services.

The following tables summarize the activity in the allowance for credit losses related to Accounts Receivable for the three months ended March 31, 2026 and 2025:

Variable Consideration Receivables

In sale arrangements, variable consideration may become due to the Company from theater operators if certain annual minimum box office receipt thresholds are exceeded. Such variable consideration is recorded as revenue in the period when the sale is recognized and adjusted in future periods based on actual results and changes in estimates. Variable consideration is only recognized to the extent the Company believes there is not a risk of significant revenue reversal.

The following table summarizes the activity in the Allowance for Credit Losses related to Variable Consideration Receivables for the three months ended March 31, 2026 and 2025:

4. Lease Arrangements

IMAX Corporation as a Lessor

The Company provides IMAX Systems to customers through long-term lease arrangements that for accounting purposes are classified as sales-type leases. Under these arrangements, in exchange for providing the IMAX System, the Company earns fixed upfront and ongoing consideration. Certain arrangements that are legal sales are also classified as sales-type leases as certain clauses within the arrangements limit transfer of title or provide the Company with conditional rights to the system. The customer's rights under the Company's sales-type lease arrangements are described in Note 2 of the Company's audited Consolidated Financial Statements included in its 2025 Form 10-K. Under the Company's sales-type lease arrangements, the customer has the ability and the right to operate the hardware components or direct others to operate them in a manner determined by the customer. The Company's lease portfolio terms are typically non-cancellable for 10 to 20 years with renewal provisions from inception. The Company's sales-type lease arrangements do not contain a guarantee of residual value at the end of the lease term. The customer is required to pay for executory costs such as insurance and taxes and is required to pay the Company for maintenance and an extended warranty generally after the first year of the lease until the end of the lease term. The customer is responsible for obtaining insurance coverage for the IMAX System commencing on the date specified in the arrangement's shipping terms and ending on the date the IMAX System is returned to the Company.

The Company also provides IMAX Systems to customers through JRSAs. Under the traditional form of these arrangements, in exchange for providing the IMAX System under a long-term lease, the Company earns rent based on a percentage of contingent box office receipts and, in some cases, concession revenues, rather than a fixed upfront fee or annual minimum payments.

Under certain other JRSAs, known as hybrid arrangements, the customer is responsible for making fixed upfront payments prior to the delivery and installation of the IMAX System.

Under JRSAs, the customer has the ability and the right to operate the hardware components or direct others to operate them in a manner determined by the customer. The Company's JRSAs are typically non-cancellable for ten years or longer with renewal provisions. Title to the IMAX System under a JRSA generally does not transfer to the customer. The Company's JRSAs do not contain a guarantee of residual value at the end of the lease term. The customer is required to pay for executory costs such as insurance and taxes and is required to pay the Company for maintenance and an extended warranty throughout the term. The customer is responsible for obtaining insurance coverage for the IMAX System commencing on the date specified in the arrangement's shipping terms and ending on the date the IMAX System is returned to the Company.

The following lease payments are expected to be received by the Company for its sales-type leases and JRSAs in each of the remainder of 2026, next four years and thereafter following the March 31, 2026 balance sheet date:

<i>(In thousands of U.S. Dollars)</i>	Sales-Type Leases

Bank of China Facility

As of March 31, 2026, and December 31, 2025, there were no borrowings outstanding under the Bank of China Facility (as defined and described in Note 13 to the Company's audited Consolidated Financial Statements in its 2025 Form 10-K) and outstanding letters of guarantee were RMB0.8 million (\$0.1 million).

As of March 31, 2026, the amount available for future borrowings under the Bank of China Facility was RMB190.0 million (\$27.5 million) and the amount available for letters of guarantee was RMB9.2 million (\$1.3 million). The amount available for future borrowings under the Bank of China Facility is not subject to a standby fee. The effective interest rate for the three months ended March 31, 2026 was 0% (2025 — 0%). There were no amounts drawn under the Bank of China Facility during the three months ended March 31, 2026. The Bank of China Facility has been renewed to April 15, 2027.

HSBC China Facility

As of March 31, 2026, and December 31, 2025, no borrowings were outstanding under the HSBC China Facility (as defined and described in Note 13 to the Company's audited Consolidated Financial Statements in its 2025 Form 10-K). As of March 31, 2026, and December 31, 2025 the amount available for future borrowings under the HSBC China Facility was RMB200.0 million (\$28.9 million). The effective interest rate for the three months ended March 31, 2026 was 0% (December 2025 — 0%).

8. Condensed Consolidated Statements of Operations – Supplemental Information

Selling Expenses

The following table summarizes the Company's selling expenses, including sales commissions and marketing and other, which are recognized within Costs and Expenses Applicable to Revenues in the Condensed Consolidated Statements of Operations, for the three months ended March 31, 2026 and 2025:

	Three Months Ended March 31,			
	2026		2025	
<i>(In thousands of U.S. Dollars)</i>	Sales Commissions	Marketing and Other	Sales Commissions	Marketing and Other
Technology sales ⁽¹⁾	\$ 191	\$ (69)	\$ 180	\$ 55

Technology rentals ⁽³⁾	121	519	66	331
Total	\$ 312	\$ 5,924	\$ 246	\$ 2,821

(1) Sales commissions paid prior to the recognition of the related revenue are deferred and recognized upon the client acceptance of the IMAX System. Direct advertising and marketing costs for each IMAX System are expensed as incurred and may be reversed when the contractual obligation ceases to exist.

(2) Film exploitation costs, including advertising and marketing costs, are expensed as incurred.

(3) Sales commissions related to joint revenue sharing arrangements accounted for as operating leases are recognized in the month they are earned by the salesperson, which is typically the month in which the IMAX System is installed, and are subject to subsequent performance-based adjustments. Direct advertising and marketing costs for each IMAX System are expensed as incurred and may be reversed when the contractual obligation ceases to exist.

Included in Selling, General and Administrative Expenses for the three months ended March 31, 2026 is a foreign currency net loss of \$0.6 million (2025 — net loss of \$0.4 million), resulting from changes in exchange rates related to foreign currency denominated monetary assets and liabilities. (Refer to "Financial Instruments — Foreign Exchange Risk Management" in Note 15 for additional information.)

Collaborative Arrangements

Joint Revenue Sharing Arrangements

The accounting policy for the Company's JRSAs is disclosed in Note 2 of the Company's audited Consolidated Financial Statements in its 2025 Form 10-K.

Revenue attributable to transactions arising between the Company and its customers under JRSAs is recorded within Revenues — Technology Sales (for hybrid JRSAs) and Revenues — Technology Rentals (for traditional JRSAs). For the three months ended March 31, 2026, such revenues totaled \$16.4 million (2025 — \$19.2 million).

IMAX Film Remastering and Distribution

The Company earns revenue through the digital remastering of films and other content into IMAX formats for distribution to the IMAX network ("**IMAX Film Remastering**"). The accounting policy for IMAX Film Remastering and distribution arrangements is disclosed in Note 2 of the Company's audited Consolidated Financial Statements in its 2025 Form 10-K.

Revenue attributable to transactions arising between the Company and its customers under IMAX Film Remastering and distribution arrangements is included in Revenues – Image Enhancement and Maintenance Services. For the three months ended March 31, 2026, such revenues totaled \$29.2 million (2025 — \$31.8 million). (Refer to "Revenue from Contracts with Customers — *Disaggregated Information About Revenue*" in Note 12 for a disaggregated presentation of the Company's revenues.)

10. Income Taxes

For the three months ended March 31, 2026, the Company recorded an income tax expense of \$2.4 million (2025 — \$7.3 million). The Company's effective tax rate of 28.5% for the three months ended March 31, 2026 reflects the geographic allocation of income earned in taxing jurisdictions and reflects an increase in the valuation allowance and withholding taxes, offset by a tax benefit related to share-based compensation. The Company's effective tax rate of 47.2% for the three months ended March 31, 2025 reflects the geographic allocation of income earned in taxing jurisdictions and also reflects an increase in the valuation allowance, withholding taxes and a tax benefit related to share-based compensation.

As of March 31, 2026, the Company's Condensed Consolidated Balance Sheets included net deferred income tax assets of \$12.7 million (December 31, 2025 — \$12.6 million). Realization of net deferred tax assets is dependent upon generation of sufficient taxable income in future years to obtain benefit from the reversal of temporary differences, net operating loss carryforwards and tax credit carryforwards. The amount of net deferred tax assets considered realizable is subject to adjustment in future periods if estimates of future taxable income change.

As of March 31, 2026, the Company's Condensed Consolidated Balance Sheets also included deferred tax liabilities of \$12.5 million (December 31, 2025 — \$12.5 million) primarily related to foreign withholding taxes associated with the remaining balance of non-repatriated historical earnings that will not be indefinitely reinvested outside of Canada.

11. Capital Stock and Reserves

Share-Based Compensation

For the three months ended March 31, 2026, share-based compensation expense totaled \$5.7 million (2025 — \$5.2 million) and is reflected in the following accounts in the Condensed Consolidated Statements of Operations:

IMAX LTIP Performance Stock Units (“PSU”) Summary

The Company grants two types of PSU award, one which vests based on a combination of employee service and the achievement of certain Adjusted EBITDA targets and one which vests based on a combination of employee service and the achievement of total shareholder return (“TSR”) targets. The achievement of these targets is assessed over a three-year performance period, with vesting ranging from 0% to 200% of the initial Adjusted EBITDA PSU award or 200% of the initial TSR PSU award, depending upon actual performance.

For the 2026 grants, the grant date fair value for Adjusted EBITDA PSUs is determined using the volume-weighted average price of the Company’s common shares on the New York Stock Exchange for the sixty calendar days prior to the date of grant. The grant date fair value for TSR PSUs is determined using a Monte Carlo Model, influenced by share price and various assumptions, such as market conditions and expected share price volatility over the term of the awards.

The compensation expense attributable for each type of PSU is recognized on a straight-line basis over the requisite service period. If, as a result of management’s assessment, it is projected that a greater or lesser number of PSUs will vest than previously anticipated, a life-to-date adjustment to increase or decrease compensation expense is recorded in the period that such determination is made. The expense recognized in the three months ended March 31, 2026 and 2025 includes adjustments reflecting management’s estimate of the number of Adjusted EBITDA PSUs expected to vest.

The following table summarizes the activity in respect of PSUs issued under the IMAX LTIP for the three months ended March 31, 2026 and 2025:

	Number of Awards		Weighted Average Grant Date Fair Value Per Share	
	2026	2025	2026	2025

PSUs outstanding, end of period	<u>1,024,925</u>	<u>1,182,463</u>	<u>26.04</u>	<u>20.13</u>

(1) For the three months ended March 31, 2026, the balance of shares granted includes 199,473 (2025 – 159,376) additional shares, at a weighted average grant date fair value per share of \$16.98 (2025 - \$19.18), as PSUs granted in 2023 with Adjusted EBITDA targets vested at 175% (2025 – 175%) on account of full achievement of the targets.

(2) For the three months ended March 31, 2026, the balance of shares granted includes 46,510 (2025 – 17,375) additional shares, at a weighted average grant date fair value per share of \$19.73 (2025 - \$22.72), as PSUs granted in 2023 with TSR targets vested at 150% on account of full achievement of the targets (2025 – 123.5% based on actual performance versus the targets).

As of March 31, 2026, the maximum number of common shares that may be issued with respect to PSUs outstanding was 1,797,285, assuming full achievement of the Adjusted EBITDA and TSR targets.

Issuer Purchases of Equity Securities

In 2024, IMAX China's shareholders granted its Board of Directors a general mandate authorizing IMAX China's Board of Directors, subject to applicable laws, to repurchase shares of IMAX China not to exceed 10% of the total number of issued shares as of June 7, 2024 (34,000,845 shares). This program expired on the date of the 2025 Annual General Meeting of IMAX China on June 12, 2025. During IMAX China's 2025 Annual General Meeting, shareholders granted its Board of Directors a general mandate, subject to applicable laws, to repurchase shares of IMAX China not to exceed 10% of the total number of issued shares as of June 12, 2025 (33,919,122 shares). This program will be valid until the 2026 Annual General Meeting of IMAX China. The repurchases may be made in the open market or through other means permitted by applicable laws. IMAX China has no obligation to repurchase its shares and the share repurchase program may be suspended or discontinued by IMAX China at any time.

During the three months ended March 31, 2026 and 2025, IMAX China did not repurchase any of its common shares.

Statutory Surplus Reserve

Pursuant to the corporate law of the People's Republic of China ("PRC"), entities registered in the PRC are required to maintain certain statutory reserves, which are appropriated from after-tax profits (after offsetting accumulated losses from prior years), as reported in their respective statutory financial statements, before the declaration or payment of dividends to equity holders. All statutory reserves are created for specific purposes.

The statutory surplus reserve of RMB37.7 million (\$5.8 million) has reached 50% of the Company's PRC subsidiaries' registered capital, and as such, no further contributions to the reserve are required.

For the three months ended March 31, 2026, revenues earned from Technology Sales included variable consideration of \$4.3 million (2025 — \$3.2 million).

Deferred Revenue

IMAX System sale and lease arrangements include a requirement for the Company to provide maintenance services over the life of the arrangement, some of which maintenance services are subject to a consumer price index adjustment each year. In circumstances where customers prepay the entire term's maintenance fee based on the original arrangement, additional payments are due to the Company for the years after its extended warranty and maintenance obligations expire. Payments, upon renewal each year, are either prepaid or made in arrears and can vary in frequency from monthly to annually. As of March 31, 2026, \$21.4 million of consideration has been deferred in relation to outstanding maintenance services to be provided on existing maintenance contracts (December 31, 2025 — \$28.3 million).

During the three months ended March 31, 2026, \$8.8 million of revenue was recognized from the \$50.4 million balance of deferred revenue as of December 31, 2025. During the three months ended March 31, 2025, \$9.0 million of revenue was recognized from the \$52.7 million balance of deferred revenue as of December 31, 2024.

13. Segment Reporting

The Company's Chief Executive Officer ("CEO") is its Chief Operating Decision Maker ("CODM"), as such term is defined under U.S. GAAP. The CODM assesses segment performance based on segment revenues and segment gross margins. Selling, general and administrative expenses, research and development costs, the amortization of intangible assets, provision for (reversal of) current expected credit losses, certain write-downs, interest income, interest expense, and income tax (expense) benefit are not allocated to the Company's segments.

The accounting policies of the reportable segments are the same as those described in Note 2 – Summary of Significant Accounting Policies of the 2025 Form 10-K. Intercompany profit or loss is not included in the evaluation of performance and allocation of resources.

The following table presents the Company's revenue and gross margin by reportable segment for the three months ended March 31, 2026 and 2025:

<i>(In thousands of U.S. Dollars)</i>	Revenue ⁽¹⁾		Gross Margin	
	2026	2025	2026	2025
Content Solutions	\$ 31,370	\$ 34,249	\$ 18,320	\$ 23,554
Technology Products and Services	<u>48,338</u>	<u>50,593</u>	<u>26,882</u>	<u>29,086</u>

(1) The Company's largest customer for the three months ended March 31, 2026 represented 11% of total Revenues. The Company's largest customer for the three months ended March 31, 2025 represented 15% of total Revenues. No single customer comprised more than 10% of the Company's total Accounts Receivable as of March 31, 2026 or December 31, 2025.

The following table presents the Costs and Expenses Applicable to Revenues for the Content Solutions segment that is made available to the CODM as part of the Company's annual and quarterly financial reporting requirements in accordance with U.S. GAAP:

Content Solutions Segment:

(1) Included within the Other segment expenses are costs related to the manufacturing and build of IMAX Systems recognized in the period, maintenance and warranty costs, and other product related costs.

Geographic Information

Revenue by geographic area is based on the location of the customer. Revenue related to IMAX Film Remastering process is presented based upon the geographic location of the IMAX System that exhibits the remastered films. IMAX Film Remastering and distribution revenue is generated through contractual relationships with studios and other third parties that may not be in the same geographical location as the IMAX Systems that exhibit the remastered films.

The following table summarizes the Company's revenues by geographic area for the three months ended March 31, 2026 and 2025:

<i>(In thousands of U.S. Dollars)</i>	Three Months Ended March 31,	
	2026	2025
United States	\$ 29,442	\$ 22,571
Greater China	20,568	40,125
Asia (excluding Greater China)	12,198	9,291
Western Europe	11,203	7,553
Latin America	2,544	1,957
Canada	2,195	1,402
Rest of the World	3,229	3,768
Total	<u>\$ 81,379</u>	<u>\$ 86,667</u>

The United States, Greater China (which includes the mainland of the People's Republic of China, Hong Kong, Macau, and Taiwan), Asia (excluding Greater China), and Western Europe each comprise greater than 10% of the Company's total revenues for the three months ended March 31, 2026. The United States, Greater China, and Asia each comprise greater than 10% of the Company's total revenues for the three months ended March 31, 2025.

15. Financial Instruments

Financial Instruments

The Company's cash is invested with various major financial institutions. The Company's \$146.0 million balance of cash and cash equivalents as of March 31, 2026 (December 31, 2025 — \$151.2 million) included \$139.5 million in cash held outside of Canada (December 31, 2025 — \$137.4 million), of which \$101.0 million was held in the PRC (December 31, 2025 — \$97.2 million).

Fair Value Measurements

The carrying values of the Company's Cash and Cash Equivalents, Accounts Receivable, Variable Consideration, Accounts Payable and Accrued Liabilities due within one year approximate their fair values due to the short-term maturity of these instruments. Including these instruments, the Company's financial instruments consisted of the following:

<i>(In thousands of U.S. Dollars)</i>	As of March 31, 2026		As of December 31, 2025	
	Carrying Amount	Estimated Fair Value	Carrying Amount	Estimated Fair Value
Level 2				
Net financed sales receivables ⁽¹⁾	\$ 90,124	\$ 85,862	\$ 90,799	\$ 87,677
Net investment in sales-type leases ⁽¹⁾	31,201	27,565	31,155	28,200
2026 Convertible notes ⁽²⁾	(526)	(526)	(743)	(892)
2030 Convertible notes ⁽²⁾	(250,000)	(276,368)	(250,000)	(278,708)

(1) Fair value is estimated based on discounting future cash flows at currently available interest rates with comparable terms.

(2) Fair value is determined using quoted market prices that are observable in the market or that could be derived from observable market data.

Foreign Exchange Risk Management

The Company is exposed to market risk from changes in foreign currency rates.

A majority of the Company's revenues are denominated in U.S. Dollars while a significant portion of its costs and expenses are denominated in Canadian Dollars. A portion of the Company's net U.S. Dollar cash is converted to Canadian Dollars to fund Canadian Dollar expenses through the spot market. In China and Japan, the Company has ongoing operating expenses related to its operations in RMB, HKD and Japanese Yen, respectively. Net cash flows are converted to and from U.S. Dollars through the spot market. The Company also has cash receipts under leases denominated in RMB, Japanese Yen, Canadian Dollars and Euros which are converted to U.S. Dollars through the spot market. In addition, because IMAX films generate box office receipts in 91 different countries, unfavorable exchange rates between applicable local currencies and the U.S. Dollar could have an impact on box-office receipts and the Company's revenues and results of operations. The Company's policy is to not use any financial instruments for trading or other speculative purposes.

The Company has entered into a series of foreign currency forward contracts to manage the risks associated with the volatility of foreign currencies. Certain of these foreign currency forward contracts met the criteria required for hedge accounting under the Derivatives and Hedging Topic of the FASB ASC at inception, and continued to meet hedge effectiveness tests as of March 31, 2026 (the “**Foreign Currency Hedges**”), with settlement dates throughout 2026 and 2027. Foreign currency derivatives are recognized and measured on the Condensed Consolidated Balance Sheets at fair value. Changes in the fair value (i.e., gains or losses) are recognized in the Condensed Consolidated Statements of Operations except for derivatives designated and qualifying as foreign currency cash flow hedging instruments. The Company currently has cash flow hedging instruments associated with Selling, General and Administrative Expenses. For foreign currency cash flow hedging instruments related to Selling, General and Administrative Expenses, the effective portion of the gain or loss in a hedge of a forecasted transaction is reported in Accumulated Other Comprehensive Loss (“**AOCL**”) and reclassified to the Condensed Consolidated Statements of Operations when the forecasted transaction occurs. Any ineffective portion is recognized immediately in the Condensed Consolidated Statements of Operations.

The following tabular disclosures reflect the impact that derivative instruments and hedging activities have on the Company’s Condensed Consolidated Financial Statements:

The Company's estimated net amount of the existing gain as of March 31, 2026 is less than \$0.1 million, which is expected to be reclassified to the Condensed Consolidated Statements of Operations within the next twelve months.

16. Non-Controlling Interests

IMAX China Non-Controlling Interest

As of March 31, 2026, the Company indirectly owned 71.57% of the outstanding equity interests in IMAX China, whose shares trade on the Hong Kong Stock Exchange (December 31, 2025 — 71.57%). IMAX China remains a consolidated subsidiary of the Company. As of March 31, 2026, the balance of the Company's non-controlling interest in IMAX China was \$92.2 million (December 31, 2025 — \$89.2 million). For the three months ended March 31, 2026, the net income attributable to the non-controlling interest in IMAX China was \$1.8 million (2025 — \$5.8 million).

Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations

Presented below is Management’s Discussion and Analysis of Financial Condition and Results of Operations (“**MD&A**”) for IMAX Corporation (together with its consolidated subsidiaries, unless the context requires otherwise, “**IMAX**” or the “**Company**”) for the three months ended March 31, 2026 and 2025. This MD&A should be read in conjunction with the accompanying Condensed Consolidated Financial Statements in Item 1 as well as the Company’s audited consolidated financial statements and related notes and the discussion under the heading “Management’s Discussion and Analysis of Financial Condition and Results of Operations” for the fiscal year ended December 31, 2025 included in the Company’s 2025 Annual Report on Form 10-K (the “**2025 Form 10-K**”).

As of March 31, 2026, the Company indirectly owned 71.57% of the outstanding equity interest in IMAX China Holding, Inc. (“**IMAX China**”), whose shares trade on the Hong Kong Stock Exchange. IMAX China is a consolidated subsidiary of the Company. For the three months ended March 31, 2026, net income attributable to IMAX China was \$6.4 million, of which \$4.6 million was attributable to the shareholders of the Company (2025 — \$20.4 million and \$14.6 million, respectively).

SPECIAL NOTE REGARDING FORWARD-LOOKING INFORMATION

Certain statements included in this quarterly report may constitute “forward-looking statements” within the meaning of the U.S. Private Securities Litigation Reform Act of 1995 or “forward-looking information” within the meaning of Canadian securities laws. OVERVIEW

IMAX is a premier global technology platform for entertainment and events. Through its proprietary software, auditorium architecture, patented intellectual property, and specialized equipment, IMAX offers a unique end-to-end solution to create superior, awe-inspiring immersive content experiences for which the IMAX® brand is globally renowned. Top filmmakers, movie studios, artists, and creators utilize the cutting-edge visual and sound technology of IMAX to connect with audiences in innovative ways. As a result, IMAX is among the most important and successful global distribution platforms for domestic and international tentpole films. The Company's global content portfolio includes blockbuster films, both from Hollywood and local language film industries worldwide; IMAX documentaries, both original and acquired ("**IMAX Documentaries**"); and IMAX events and experiences in emerging verticals, including music, gaming, and sports.

The Company leverages its proprietary technology and engineering in its business, which principally consists of the digital remastering of films and other content into the IMAX format for distribution across the IMAX network ("**IMAX Film Remastering**") and the sale or lease of premium IMAX theater systems ("**IMAX System(s)**").

IMAX Systems are based on proprietary and patented image, audio and other technology developed over the course of the Company's history. The customers for IMAX Systems are principally exhibitors that operate commercial multiplex theaters, and, to a much lesser extent, institutional locations, including museums and science centers, and destination entertainment sites. The Company does not own the locations in the IMAX network, except for one, and is not an exhibitor, but instead sells or leases the IMAX System to exhibitor customers along with licenses to use its trademarks and ongoing maintenance services for which there are annual payments by the exhibitors to IMAX.

IMAX has the largest global premium format network, more than double the size of its nearest competitor. As of March 31, 2026, there were 1,865 IMAX Systems operating in locations in 91 countries and territories, including 1,798 commercial multiplexes, 10 commercial destinations, and 57 institutional locations in the Company's global network. This compares to 1,810 IMAX Systems operating in locations in 89 countries and territories as of March 31, 2025, including 1,738 commercial multiplexes, 11 commercial destinations, and 61 institutional locations in the Company's global network. Refer to the table under "IMAX Network and Backlog" for additional information on the composition of the IMAX network.

IMAX Systems provide the Company's exhibitor customers with a combination of the following benefits:

- the ability to exhibit content that has been enhanced through the IMAX Film Remastering process, which results in higher image and sound fidelity than conventional cinema experiences;
- advanced, high-resolution projectors with specialized equipment and automated theater control systems, which generate significantly more contrast and brightness than conventional theater systems;
- large screens and proprietary auditorium geometry, which result in a substantially larger field of view than conventional theater systems so that the screen extends to the edge of a viewer's peripheral vision and creates more realistic images;
- advanced sound system components, which deliver more expansive sound imagery than conventional theater systems and pinpointed origination of sound to any specific spot in an auditorium equipped with an IMAX System;
- specialized theater acoustics, which result in a four-fold reduction in background noise compared to conventional cinema experiences;
- ongoing maintenance and extended warranty services to ensure a consistent image and sound quality presentation across the IMAX global network; and
- a license to the globally recognized IMAX brand, as well as benefits from IMAX marketing of films being shown in its network and IMAX's growing social media followership.

The Company believes that the benefits related to the enhanced and differentiated image quality and film aspect ratio enable audiences in IMAX locations to feel as if they are a part of the on-screen action, creating a more intense, immersive, and awe-inspiring experience than a conventional cinematic format. For additional discussion, see section titled "IMAX Film Remastering and Distribution" below.

As a result of the engineering and scientific achievements that are a hallmark of *The IMAX Experience*[®], the Company's exhibitor customers typically charge a premium for films released in IMAX's format versus films exhibited in their other auditoriums. The premium pricing, combined with the higher attendance levels associated with IMAX films, generates incremental box office receipts ("**global box office**") for the Company's exhibitor customers and for the movie studios releasing their films to the IMAX network. IMAX has become a key premium distribution and marketing platform for Hollywood and local language films driven by IMAX's leading global network footprint and scale, the incremental global box office generated by IMAX films and the growing demand by moviegoers for the differentiated quality of *The IMAX Experience*.

The Company achieved global box office of \$260 million in the first quarter of 2026. The Company's first quarter global box office was derived from 34 pieces of content distributed across its global network. The first quarter was highlighted by the performance of the carry-over of *Avatar: Fire and Ash* that drove record January global box office and the March release of the Filmed For IMAX[®] title *Project Hail Mary*, in which IMAX captured 20% of the opening weekend global box office, despite IMAX representing less than 1% of screens worldwide. The Company continues to expand its local language strategy with 17 releases across 9 countries, including a first in Taiwan, with total first quarter local language box office of \$62 million (or 24% of global box office), led by Chinese film, *Pegasus 3*. Despite increasing competition for consumer attention across both out-of-home and in-home entertainment, demand for *The IMAX Experience* continues to strengthen among theatergoers. During the first quarter of 2026, the Company's trailing twelve month domestic box office market share was 5.4% and global market share was 3.8%. See "Results of Operations" below for a discussion of the Company's first quarter 2026 results as compared to the prior year period.

Recent Developments

As announced on March 30, 2026, Richard Gelfond, the Company's Chief Executive Officer, is on a temporary medical leave of absence. On April 16, 2026, the Company appointed Robert D. Lister, its Chief Legal Officer and Senior Executive Vice President, to serve as the Company's interim principal executive officer ("**PEO**") in addition to his current duties until May 1, 2026, following which Mr. Gelfond will resume the role of PEO. Mr. Gelfond has been gradually re-engaging in the Company's business and is involved in all strategic decisions. Until his leave is over, the Company's management team will continue with its day-to-day responsibilities in coordination with Mr. Gelfond. (Refer to "Risk Factors – The loss of one or more of the Company's key personnel, or its failure to attract and retain its employee population, could adversely affect its business." in Part I, Item 1A. in the 2025 Form 10-K.)

SOURCES OF REVENUE

The Company has organized its operating segments into the following two reportable segments: (i) Content Solutions, which principally includes content enhancement and distribution services, and (ii) Technology Products and Services, which principally includes the sale, lease, and maintenance of IMAX Systems. The Company's activities that do not meet the criteria to be considered a reportable segment are disclosed within All Other (See Note 13 of Notes to Condensed Consolidated Financial Statements in Part I, Item 1).

Content Solutions

The Content Solutions segment earns revenue from IMAX Film Remastering, including the distribution of this content across the IMAX global network. To a lesser extent, the Content Solutions segment also earns revenue from the distribution of large-format documentary films and IMAX events and experiences, including music, gaming, and sports to commercial IMAX theaters, as well as the provision of film post-production services.

Content Solutions segment results are influenced by the level of commercial success and global box office performance of the films and other content released to the IMAX network, as well as other factors, including the timing of the releases, the timing of documentary downstream sales, the length of play across the IMAX network, the global box office share take rates under the Company's Film Remastering and distribution arrangements, the level of marketing spend associated with the releases in the year, and fluctuations in the value of foreign currencies versus the U.S. Dollar.

Film Remastering and Distribution

IMAX Film Remastering is a proprietary technology that digitally remasters films and other content into IMAX formats for distribution across the IMAX network. In a typical IMAX Film Remastering and distribution arrangement, the Company receives a percentage of the global box office from a studio in exchange for converting a commercial film into the IMAX format and distributing it through the IMAX network. The fee earned by the Company in a typical IMAX Film Remastering and distribution arrangement averages approximately 12.5% of box office on a gross basis before sales taxes except within Greater China, where the Company often receives a lower percentage of net box office due to an incremental importation fee paid by the studios. All of the Company's box office results in this Form 10-Q are inclusive of China booking fees to be consistent with market reporting of global box office.

IMAX Film Remastering digitally enhances the image quality and/or resolution for projection on IMAX screens while maintaining or enhancing the visual clarity and sound quality to levels for which *The IMAX Experience* is known. IMAX Film Remastering is completed for the image of films released to the IMAX network, creating a unique IMAX version that is optimized for IMAX's proprietary digital projection systems and format. In addition, the original soundtrack of a film to be exhibited across the IMAX locations is remastered into a unique IMAX digital audio format. IMAX sound systems use proprietary loudspeaker systems, designs and proprietary surround sound configurations to ensure every seat in an auditorium is an optimal listening position.

IMAX films also benefit from enhancements made by individual filmmakers exclusively for the IMAX release of the film. Collectively, the Company refers to these enhancements as “IMAX DNA.” Filmmakers and movie studios increasingly seek to infuse more IMAX DNA in theatrical releases to realize a filmmaker’s creative vision more fully, while generating interest and excitement among moviegoers. Such enhancements include shooting films with IMAX cameras to increase the audience’s immersion in the film and to take advantage of the unique dimensions of the IMAX screen by projecting the film in a larger aspect ratio that delivers up to 26% more image onto a standard IMAX movie screen versus a conventional screen. In select IMAX locations worldwide, movies filmed with IMAX cameras have an IMAX-exclusive 1.43 film aspect ratio, delivering up to 67% more image onto a standard conventional movie screen.

Filmed For IMAX is IMAX’s filmmaker partnership program. Filmmakers who participate in the program leverage IMAX technology throughout the production process to deliver a movie that is meant to be seen in an IMAX location. From pre-production through to release, the Company works closely with filmmakers to maximize *The IMAX Experience* for audiences. Filmed For IMAX movies are shot using either an IMAX certified digital camera or an IMAX film camera, with the IMAX Post-Production team working closely with the filmmaker from camera testing before the shoot begins, to on-set support, to test screenings, and post-production. Most Filmed For IMAX movies leverage IMAX’s exclusive expanded aspect ratio for select sequences and, occasionally, the entire film, and benefit from unique marketing support. The global box office metrics have demonstrated audiences respond extremely favorably to Filmed For IMAX titles, resulting in a higher market share for IMAX. In the first quarter of 2026, Filmed For IMAX titles on average indexed over 14% higher than titles with no IMAX DNA.

Management believes that growth in global box office represents an important growth opportunity for the Company. The Company’s strategy to capitalize on this opportunity includes expanding the IMAX network into underpenetrated international markets and growing the number of local language films released, particularly in Japan, India, South Korea, and France. As the popularity of local language films has continued to increase, the Company has extended its content strategy to distribute local language content beyond native markets. For the three months ended March 31, 2026, local language films exhibited across the Company’s global network generated \$62 million in box office, representing 24% of the Company’s global box office.

The following table provides the number of new films and other content released to the Company's global network during the three months ended March 31, 2026 and 2025:

	Three Months Ended March 31,

(1) The scheduled release dates in the table above are subject to change, may vary by territory, and may not reflect the date(s) of limited premiere events.

(2) Denotes local language release.

The Company remains in active negotiations with studios for additional films to fill out its short – and long-term film slate for the IMAX network. The Company also expects to announce additional local language films and exclusive IMAX events and experiences to be released to its global network in 2026.

Other Content Solutions

The Company distributes large-format documentary feature films through its global commercial network and institutional theaters. Traditionally, the Company receives as its distribution fee either a fixed amount or a fixed percentage of the theater global box office and, following the recoupment of its costs, is typically entitled to receive an additional percentage of gross revenues as participation revenues.

The Company believes that the IMAX network is a valuable global platform to launch and distribute original content, including documentaries. The ownership rights to such films may be held by the film sponsors, the film investors and/or the Company. As of March 31, 2026, the Company had distribution rights with respect to approximately 75 films, which cover subjects such as space, wildlife, music, sports, history, and natural wonders.

In early 2026, *The Lost Wolves of Yellowstone*, in collaboration with Grizzly Creek Films LLC, and French language documentary *Athos*, produced by Federation Studio France, were released. In 2026, the Company plans to release the documentary *Portrait of an Artist* in collaboration with The National Basketball Association (“NBA”), Unanimous Media, and Religion of Sports, offering an intimate glimpse into the life of NBA superstar Stephen Curry. Upcoming 2026 documentaries which are currently in production include *Stormbound*, produced by Academy Award-winning producer, Adam McKay; and *Frontier*, produced in collaboration with Nocturnal Entertainment Productions, LLC, Atlas Entertainment LL, and Believe Entertainment Group, LLC. *The Elephant Odyssey*, a documentary in collaboration with Beach House Pictures Pte Ltd and China International Communications Group, is expected to be released in 2027.

In addition, the Company continues to evolve its platform to bring new, innovative IMAX events and experiences to audiences worldwide. As of March 31, 2026, the Company has 252 connected IMAX locations worldwide. Furthermore, the Company can use its live streaming technologies to deliver events to additional IMAX locations around the world.

In the three months ended March 31, 2026, the Company partnered with Neon Rated and Universal Pictures on the release of *EPiC: Elvis Presley in Concert*. The Company also partnered with Bleecker Street and Universal Pictures for the release of *Stray Kids: The dominATE Experience*, and with Trafalgar for release of *Twenty One Pilots: More Than We Ever Imagined*. In addition, the Company partnered with Mercury Studios for a two-night-only screening of *Eric Church: Evangeline vs. The Machine Comes Alive*, and with Sony Pictures for the two-night-only screening of *TOMMY in IMAX (50th Anniversary)*. The Company also partnered with A24 for a limited release of *Marty Supreme* across approximately 150 IMAX locations in the United States, Australia, and New Zealand. In March 2026, the Company partnered with MGM Studios for an exclusive Q&A livestream in advance of the screening of *Project Hail Mary* across a limited number connected IMAX locations in North America.

The Company provides film post-production and quality control services for films, whether produced by IMAX or third parties, and digital post-production services. In addition, the Company also provides IMAX film and digital cameras to content creators under the IMAX certified camera program.

IMAX NETWORK AND BACKLOG

IMAX Network

The following table provides detailed information about the IMAX network by type and geographic location as of March 31, 2026 and 2025. For additional information regarding the composition of the IMAX network, see “Marketing and Customers” in Part I, Item 1 of the Company’s 2025 Form 10-K.

IMAX currently estimates a worldwide commercial multiplex addressable market of 4,466 locations, of which there are 1,798 IMAX Systems operating as of March 31, 2026, representing a market penetration of only 40%. The Company believes that the majority of its future growth will come from international markets. As of March 31, 2026, 76% of IMAX Systems in the global commercial multiplex network were located within international markets (defined as all countries other than the United States and Canada). Revenues and gross box office (“GBO”) derived from international markets continue to exceed revenues and GBO from the United States and Canada. Risks associated with the Company’s international business are outlined in “Risk Factors – The Company conducts business internationally, which exposes it to uncertainties and risks that could negatively affect its operations, sales and future growth prospects” in Part II, Item 1A of this Form 10-Q.

The following tables provide detailed information about IMAX Systems operating in multiplex locations by arrangement type and geographic location as of March 31, 2026 and 2025:

The backlog reflects the minimum number of commitments for IMAX Systems according to signed contracts. The Company believes that the contractual obligations for IMAX System installations that are listed in backlog are valid and binding commitments. From time to time, the Company and its customers may amend the arrangement type of a backlog system, and in the normal course of its business the Company will have customers who are unable to proceed with an IMAX System installation for a variety of reasons, including the inability to obtain certain consents, approvals or financing.

Certain of the Company's contracts contain options for the customer to elect to upgrade system type during the term or to alter the contract structure (for example, from a JRSA to a sale) after signing, but before installation. Current backlog information reflects all known elections.

As of March 31, 2026, 73% of IMAX System arrangements in backlog were scheduled to be installed in international markets (2025 — 74%).

(See "Risk Factors – The Company may not convert all of its backlog into revenue and cash flows." in Part I, Item 1A of the Company's 2025 Form 10-K.)

RESULTS OF OPERATIONS

The Company's results for the first quarter reflect variability driven by the timing, mix and geographic distribution of global box office performance. The year-over-year decline in total global box office was primarily attributable to an unusually strong prior-year comparison in Greater China. Domestic and other international markets experienced strong box office growth, driven by the performance of Hollywood titles and Filmed For IMAX releases. The Company's future results may continue to be affected by the timing and performance of major film releases, the mix of Hollywood and local language content, and the geographic concentration of box office revenues, as well as by variability in system installations and box office-driven revenues. In addition, broader macroeconomic conditions, including global economic uncertainty, supply chain disruptions, inflationary pressures and geopolitical tensions and conflicts, could adversely impact consumer demand and the Company's ability to deliver and install IMAX systems, any of which could materially affect the Company's financial condition and results of operations.

Results of Operations for the Three Months Ended March 31, 2026 and 2025

Net Income and Adjusted Net Income Attributable to Common Shareholders

The following table presents the Company's net income attributable to common shareholders and the associated per diluted share amounts, as well as adjusted net income attributable to common shareholders* and adjusted net income attributable to common shareholders per diluted share for the three months ended March 31, 2026 and 2025:

Revenues and Gross Margin

For the three months ended March 31, 2026, the Company's revenues and gross margin were \$81.4 million and \$45.8 million, respectively. In comparison to the prior year first quarter, the Company's revenues and gross margin decreased by \$5.3 million, or 6%, and \$7.4 million, or 14%, respectively, principally due to lower IMAX box office performance in Greater China, which more than offset the growth in the domestic and other international markets.

The following table presents the Company's revenue, gross margin, and gross margin percentage by reportable segment for the three months ended March 31, 2026 and 2025:

<i>(In thousands of U.S. Dollars)</i>	Revenue		Gross Margin		Gross Margin %	
	2026	2025	2026	2025	2026	2025

(1) All Other includes the results from Streaming and Consumer Technology and other ancillary activities.

Content Solutions

For the three months ended March 31, 2026, Content Solutions segment revenues and gross margin decreased by \$2.9 million, or 8%, and by \$5.2 million, or 22%, respectively, when compared to the same period in 2025.

In the three months ended March 31, 2026, box office generated by IMAX films totaled \$259.6 million, a \$38.5 million, or 13%, decrease versus the prior year comparative period of \$298.2 million. This decrease was primarily driven by lower local language box office in the first quarter of 2026, due partially to the shift in 2026 local language blockbuster films from the Chinese New Year period to later in the year versus a record Chinese New Year in the first quarter of 2025 from the breakout performance of *Ne Zha 2* (the highest grossing local language film of all time). Domestic and international (excluding Greater China) global box office increased 75% and 60%, respectively, over the prior year comparative period as the performance of Hollywood content strengthened. During the three months ended March 31, 2026, IMAX box office was generated by the exhibition of 34 films and other content (31 new films, two re-releases, and one carry-over), including the following Hollywood titles: *Avatar: Fire and Ash* (\$77 million), *Project Hail Mary* (\$66 million), *Scream 7* (\$8 million), and *Wuthering Heights* (\$7 million). In addition, in the three months ended March 31, 2026, local language films exhibited across the Company's global network generated \$62 million in box office, representing 24% of its global box office, including the Chinese local language film, *Pegasus 3* (\$34 million) and *Blades of the Guardians* (\$7 million). In the three months ended March 31, 2025, IMAX box office revenue was generated by the exhibition of 34 films (33 new films and one re-release), with Chinese local language film *Ne Zha 2* representing 54% of its global box office.

In the three months ended March 31, 2026, the Company released four movies that were filmed with IMAX proprietary cameras (Filmed For IMAX), including *Mercy*, *The Bride!*, *Project Hail Mary*, and the IMAX documentary *Athos*. Filmed For IMAX movies historically have performed disproportionately well at the box office, and for three of these films, IMAX delivered approximately 20% or more of the opening weekend domestic box office, despite accounting for only 1% of available screens.

In addition to the level of revenues, Content Solutions segment gross margin is influenced by the costs associated with films and other content exhibited in the period. These costs can include production, post-production, distribution, and marketing, which are expensed as incurred. For the three months ended March 31, 2026, gross margin percent was 58% compared to 69% in the prior period. The Content Solutions margin decline was driven by a combination of factors including; lower box office performance in Greater China, with no significant breakout title, a lower mix of local language films which carries a higher margin, and an increased level of film marketing spend associated with upcoming large tentpole titles.

Technology Products and Services

The following table provides information about IMAX Systems installed and the associated revenue recognized at that time, except for traditional JRSAs, for which revenue is recognized over the lease term, during the three months ended March 31, 2026 and 2025:

<i>(In thousands of U.S. Dollars, except number of systems)</i>	Three Months Ended March 31,			
	2026		2025	
	Number of Systems	Revenue	Number of Systems	Revenue
New IMAX Systems	6	\$ 4,730	12	\$ 9,124
Upgraded IMAX Systems	2	2,551	1	1,460
Total	<u>8</u>	<u>\$ 7,281</u>	<u>13</u>	<u>\$ 10,584</u>

In the three months ended March 31, 2026, no IMAX Systems were relocated from their original locations (2025 – three IMAX Systems). When a system under a sale or sales-type lease arrangement is relocated, the amount of revenue earned by the Company may vary from transaction to transaction and is usually less than the amount earned for a new sale. In certain situations when a system is relocated, the original location is upgraded to an IMAX Laser System.

For the three months ended March 31, 2026, Technology Products and Services segment revenue and gross margin decreased by \$2.3 million, or 4%, and \$2.2 million, or 8%, respectively, when compared to the same period in the prior year. The lower level of revenue was primarily driven by a lower level of rental revenues, which are box office dependent. Rental revenues of \$16.6 million, a decrease of \$2.6 million from \$19.1 million in the prior year comparative period, were driven by a \$31.8 million decrease in GBO from JRSAs in the three months ended March 31, 2026 versus the prior year. Specifically, in the first quarter of 2026 an increase of \$5.3 million in rental revenues from domestic and international markets (excluding Greater China) was more than offset by a \$7.9 million revenue decline in Greater China. Also contributing to the decrease in the segment revenue was the lower number of systems recognized under sales and sales-type lease arrangements, per the table above.

The decreases in revenue were partially offset by a \$3.1 million increase in revenue contribution from the impact of amendments, renewals and other adjustments to existing IMAX Systems arrangements.

For the three months ended March 31, 2026, gross margin percent was 56% compared to 57% in the same period in the prior year, which primarily reflects the lower level of rental revenues offset partially by the impact of amendments, renewals and other adjustments as described above, which did not have associated costs.

All Other

For the three months ended March 31, 2026, All Other revenue and gross margin decreased by \$0.2 million, and less than \$0.1 million, respectively, when compared to the same period in 2025, which principally reflects the results of the Company's SCT business which was re-positioned and relaunched in late 2025 under the brand of IMAX Enhanced.

Selling, General and Administrative Expenses

The following table presents information about the Company's Selling, General and Administrative Expenses for the three months ended March 31, 2026 and 2025:

<i>(In thousands of U.S. Dollars)</i>	Three Months Ended			
	March 31,		Variance	
	2026	2025	\$	%
Total Selling, general and administrative expenses	\$ 32,488	\$ 33,462	\$ (974)	(3%)
Less: Share-based compensation ⁽¹⁾	<u>(5,909)</u>	<u>(4,720)</u>	<u>(1,189)</u>	<u>(25%)</u>
Total selling, general and administrative expenses, excluding share-based compensation ⁽²⁾	<u>\$ 26,579</u>	<u>\$ 28,742</u>	<u>\$ (2,163)</u>	<u>(8%)</u>

(1) A portion of share-based compensation expense is recognized within Cost and Expenses Applicable to Revenue, and Research and Development. (Refer to "Capital Stock and Reserves — Share-Based Compensation" in Note 11 of Notes to Condensed Consolidated Financial Statements in Part I, Item 1.)

(2) See "Non-GAAP Financial Measures" for a description of this non-GAAP financial measure and a reconciliation to the most comparable GAAP amount.

Selling, General and Administrative Expenses decreased period over period, reflecting management's continued focus on operational efficiencies, including the impact of prior workforce reductions, timing and other cost discipline initiatives.

Credit Loss Reversal, Net

For the three months ended March 31, 2026, the Company recorded a credit loss reversal of \$0.5 million, as compared to \$0.1 million recognized in the same period of the prior year.

Overall, continued strong global box office performance has contributed to a notable improvement in collections. Strong theatrical attendance, driven by a robust film slate, has increased and accelerated cash inflows from studio and exhibitor customers. This trend reflects the continued consumer demand for premium cinematic experiences and effectiveness of IMAX's strategic initiatives to partner with filmmakers, studios, and exhibitors to deliver higher levels of box office.

The Company estimates credit losses based on both a historical provision rate and customer specific circumstances. Management's judgments regarding expected credit losses are based on the facts available to management at the time that the Condensed Consolidated Financial Statements are prepared and involve estimates about the future. As a result, the Company's judgments and associated estimates of credit losses may ultimately prove, with the benefit of hindsight, to be incorrect. (Refer to Note 3 of Notes to Condensed Consolidated Financial Statements in Part I, Item 1).

Income Taxes

For the three months ended March 31, 2026, the Company recorded an income tax expense of \$2.4 million (2025 — \$7.3 million). The Company's effective tax rate of 28.5% for the three months ended March 31, 2026, reflects the geographic allocation of income earned in taxing jurisdictions and also reflects an increase in the valuation allowance, and withholding taxes, offset by a tax benefit related to share-based compensation. The Company's effective tax rate of 47.2% for the three months ended March 31, 2025, reflects the geographic allocation of income earned in taxing jurisdictions and also reflects an increase in the valuation allowance, withholding taxes and a tax benefit related to share-based compensation.

Non-Controlling Interests

For the three months ended March 31, 2026, the net income attributable to non-controlling interests of the Company's subsidiaries was \$1.8 million, a decrease of \$4.0 million, when compared to the same period in 2025, which reflects a \$19.6 million total revenue decline primarily driven by the lower level of IMAX box office earned in Greater China.

LIQUIDITY AND CAPITAL RESOURCES

As of March 31, 2026, the Company's principal sources of liquidity included: (i) its balances of cash and cash equivalents of \$146.0 million; (ii) the anticipated collection of trade accounts receivable, which includes amounts owed under JRSA's and Film Remastering and distribution agreements with movie studios; (iii) the anticipated collection of financing and variable consideration receivables due in the next 12 months under sale and sales-type lease arrangements for systems currently in operation; and (iv) installment payments expected in the next 12 months under sale and sales-type lease arrangements in backlog. Under the terms of the Company's typical sale and sales-type lease agreements, the Company receives substantial cash payments before it completes the performance of its contractual obligations.

In addition, as of March 31, 2026, the Company had \$326.0 million in available borrowing capacity under its Credit Facility pursuant to its Seventh Amended and Restated Credit Agreement (the “**Credit Agreement**”), \$27.5 million in available borrowing capacity under the IMAX Shanghai revolving credit facility with the Bank of China (the “**Bank of China Facility**”), and \$28.9 million in available borrowing capacity under IMAX Shanghai’s revolving credit facility with HSBC Bank (China) Company Limited, Shanghai Branch (the “**HSBC China Facility**”). Refer to “Borrowings — Convertible Notes and Other Borrowings, Net” in Note 6 of Notes to Condensed Consolidated Financial Statements in Part I, Item 1.

The Company’s \$146.0 million balance of cash and cash equivalents as of March 31, 2026 (December 31, 2025 — \$151.2 million) included \$139.5 million in cash held outside of Canada (December 31, 2025 — \$137.4 million), of which \$101.0 million was held in the People’s Republic of China (the “**PRC**”) (December 31, 2025 — \$97.2 million). Management reassessed its strategy with respect to the most efficient means of deploying the Company’s capital resources globally and determined that historical earnings of certain foreign subsidiaries in excess of amounts required to sustain business operations would no longer be indefinitely reinvested. During the three months ended March 31, 2026, no historical earnings from a subsidiary in the PRC were distributed (2025 — \$nil) and, as a result, no foreign withholding taxes were paid to the relevant tax authorities (2025 — \$nil). As of March 31, 2026, the Company’s Condensed Consolidated Balance Sheets included a deferred tax liability of \$12.5 million for the applicable foreign withholding taxes associated with the remaining balance of non-repatriated historical earnings that will not be indefinitely reinvested outside of Canada. These taxes will become payable upon the repatriation of any such earnings.

The Company forecasts its future cash flow and short-term liquidity requirements on an ongoing basis. These forecasts are based on estimates and may be materially impacted by factors that are outside of the Company’s control (including the factors described in “Risk Factors” in Part I, Item 1A of the Company’s 2025 Form 10-K as supplemented by “Risk Factors” in Part II, Item 1A of this Form 10-Q). As a result, there is no guarantee that these forecasts will come to fruition and that the Company will be able to fund its operations through cash flows from operations. In particular, the Company’s operating cash flows and cash balances will be adversely impacted if management’s projections of future signings and installations of IMAX Systems and box office performance of IMAX content are not realized.

The Company also has certain significant contractual obligations and commitments that have been disclosed in “Contractual Obligations” in Part II, Item 7 of the Company’s 2025 Form 10-K. There are no material changes to these obligations and commitments as of March 31, 2026.

Based on the Company’s current cash balances and operating cash flows, management expects to have sufficient capital and liquidity to fund its anticipated operating needs and capital requirements during the next twelve-month period following the date of this report.

NON-GAAP FINANCIAL MEASURES

GAAP refers to generally accepted accounting principles in the United States of America. In this report, the Company presents financial measures in accordance with GAAP and also on a non-GAAP basis under the U.S. Securities and Exchange Commission regulations. Specifically, the Company presents the following non-GAAP financial measures as supplemental measures of its performance:

- Adjusted net income or loss attributable to common shareholders;
- Adjusted net income or loss attributable to common shareholders per basic and diluted share;
- EBITDA;
- Adjusted EBITDA per Credit Facility; and
- Adjusted SG&A expenses.

Adjusted net income or loss attributable to common shareholders and adjusted net income or loss attributable to common shareholders per basic and diluted share exclude, where applicable: (i) share-based compensation; (ii) realized and unrealized investment gains or losses; (iii) goodwill impairment; (iv) restructuring charges and other impairments; (v) employee retention credits; and (vi) induced conversion expense on settlement of convertible notes, as well as the related tax impact of these adjustments.

The Company believes that these non-GAAP financial measures are important supplemental measures that allow management and users of the Company's financial statements to view operating trends and analyze controllable operating performance on a comparable basis between periods without the after-tax impact of share-based compensation and certain unusual items included in net income attributable to common shareholders. Although share-based compensation is an important aspect of the Company's employee and executive compensation packages, it is a non-cash expense and is excluded from certain internal business performance measures.

Reconciliations of net income attributable to common shareholders and the associated per share amounts to adjusted net income attributable to common shareholders and adjusted net income attributable to common shareholders per diluted share are presented in the tables below.

<i>(In thousands of U.S. Dollars, except per diluted share amounts)</i>	Three Months Ended March 31,			
	2026		2025	
	Net Income	Per Diluted Share	Net Income	Per Diluted Share

Weighted average shares outstanding — basic		<u>54,125</u>		<u>53,145</u>
Weighted average shares outstanding — diluted		<u>56,392</u>		<u>54,969</u>

(1) Reflects amounts attributable to common shareholders.

In addition to the non-GAAP financial measures discussed above, management also uses “EBITDA,” as such term is defined in the Credit Agreement, and which is referred to herein as “Adjusted EBITDA per Credit Facility.” As defined in the Credit Agreement, Adjusted EBITDA per Credit Facility includes adjustments in addition to the exclusion of interest, taxes, depreciation and amortization. Accordingly, this non-GAAP financial measure is presented to allow a more comprehensive analysis of the Company’s operating performance and to provide additional information with respect to the Company’s compliance with its Credit Agreement requirements, when applicable. In addition, the Company believes that Adjusted EBITDA per Credit Facility presents relevant and useful information widely used by analysts, investors and other interested parties in the Company’s industry to evaluate, assess and benchmark the Company’s results.

EBITDA is defined as net income or loss excluding: (i) income tax expense or benefit; (ii) interest expense, net of interest income; (iii) depreciation and amortization, including film asset amortization; and (iv) amortization of deferred financing costs. Total Adjusted EBITDA per Credit Facility is defined as EBITDA excluding: (i) share-based and other non-cash compensation; (ii) realized and unrealized investment gains or losses; (iii) restructuring charges and other impairments; (iv) write-downs, net of recoveries, including goodwill, asset impairments and credit loss expense or reversal; and (v) induced conversion expense on settlement of convertible notes.

Reconciliations of net income attributable to common shareholders, which is the most directly comparable GAAP measure, to EBITDA and Adjusted EBITDA per Credit Facility are presented in the tables below:

	Three Months Ended March 31, 2026
<i>(In thousands of U.S. Dollars)</i>	
Net income	\$ 6,071

Total Adjusted EBITDA	<u>\$ 178,479</u>
Less: Non-controlling interest	<u>(13,967)</u>
Adjusted EBITDA per Credit Facility – attributable to common shareholders	<u><u>\$ 164,512</u></u>

(1) The amortization of deferred financing costs is recorded within Interest Expense in the Condensed Consolidated Statements of Operations.

The Company also adjusts SG&A Expenses to exclude a portion of share-based compensation and related payroll taxes. Management uses non-GAAP and other financial measures such as this, internally for financial and operational decision-making and as a means to evaluate period-to-period comparisons. IMAX believes that this non-GAAP measure provides useful information about operating results, enhances the overall understanding of past financial performance and future prospects, and allows for greater transparency with respect to key metrics used by management and its financial and operational decision making.

A reconciliation of Selling, General and Administrative Expenses, the most directly comparable GAAP measure presented in the Condensed Consolidated Statement of Operations in Part I, Item 1, to Adjusted Selling, General and Administrative Expenses is presented in the table below.

<i>(In thousands of U.S. Dollars)</i>	Three Months Ended	
	March 31,	
	2026	2025
Total Selling, general and administrative expenses	\$ 32,488	\$ 33,462
Less: Share-based compensation	<u>(5,909)</u>	<u>(4,720)</u>
Total Adjusted Selling, general and administrative expenses	<u>\$ 26,579</u>	<u>\$ 28,742</u>

The Company cautions users of its financial statements that these non-GAAP financial measures may not be comparable to similarly titled measures reported by other companies. Additionally, the non-GAAP financial measures used by the Company should not be considered in isolation, or as a substitute for, or superior to, the comparable GAAP amounts.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

The Company is exposed to market risk from foreign currency exchange rates and interest rates, which could affect operating results, financial position and cash flows. Market risk is the potential change in an instrument's value caused by, for example, fluctuations in interest and currency exchange rates. The Company's primary market risk exposure is the risk of unfavorable movements in exchange rates between the U.S. Dollar, the Canadian Dollar, and Chinese Renminbi ("**RMB**"). The Company does not use financial instruments for trading or other speculative purposes.

Foreign Exchange Rate Risk

A majority of the Company's revenue is denominated in U.S. Dollars while a significant portion of its costs and expenses is denominated in Canadian Dollars. A portion of the Company's net U.S. Dollar cash flows is converted to Canadian Dollars to fund Canadian Dollar expenses through the spot market. In addition, IMAX films generate box office in 91 different countries, and therefore unfavorable exchange rates between applicable local currencies and the U.S. Dollar could have an impact on the GBO generated by the Company's exhibitor customers and its revenues. The Company has incoming cash flows from its revenue generating IMAX network and ongoing operating expenses in China through its majority-owned subsidiary IMAX Shanghai. In Japan, the Company has ongoing Yen-denominated operating expenses related to its Japanese operations. Net RMB and Japanese Yen cash flows are converted to U.S. Dollars through the spot market. The Company also has cash receipts under leases denominated in RMB, Japanese Yen, British Pound Sterling, Euros and Canadian Dollars.

The Company manages its exposure to foreign exchange rate risks through its regular operating and financing activities and, when appropriate, through the use of derivative financial instruments. These derivative financial instruments are utilized to hedge economic exposures as well as reduce earnings and cash flow volatility resulting from shifts in market rates.

Certain of the Company's PRC subsidiaries held approximately RMB690.7 million (\$99.8 million) in cash and cash equivalents as of March 31, 2026 (December 31, 2025 — RMB678.2 million or \$96.5 million) and are required to transact locally in RMB. Foreign currency exchange transactions, including the remittance of any funds into and out of the PRC, are subject to controls and require the approval of the China State Administration of Foreign Exchange to complete. Any developments relating to the Chinese economy and any actions taken by the Chinese government are beyond the control of the Company; however, the Company monitors and manages its capital and liquidity requirements to ensure compliance with local regulatory and policy requirements. (Refer to "Risk Factors – The Company faces risks in connection with its significant presence in China and the continued expansion of its business there" in Part I, Item 1A. of the Company's 2025 Form 10-K.)

Management also monitors the macroeconomic environment as part of its continuous assessment of credit risk. This includes consideration of developments in the U.S. and global banking sectors, which informs management's assessment of any potential direct and indirect impacts on the Company. There are no concentrations of cash and cash equivalents in any regional banking institutions, such that management considers there to be any material risk in this regard.

For the three months ended March 31, 2026, the Company recorded a foreign exchange net loss of \$0.6 million, resulting from changes in exchange rates related to foreign currency denominated monetary assets and liabilities (2025 — net loss of \$0.4 million).

The Company has entered into a series of foreign currency forward contracts to manage the risks associated with the volatility of foreign currencies. Certain of these foreign currency forward contracts met the criteria required for hedge accounting under the Derivatives and Hedging Topic of the FASB ASC at inception, and continue to meet hedge effectiveness tests as of March 31, 2026, with settlement dates throughout 2026 and 2027. Foreign currency derivatives are recognized and measured on the Condensed Consolidated Balance Sheets at fair value. Changes in the fair value (i.e., gains or losses) are recognized in the Condensed Consolidated Statements of Operations except for derivatives designated and qualifying as foreign currency cash flow hedging instruments. The Company currently has cash flow hedging instruments associated with Selling, General and Administrative Expenses. For foreign currency cash flow hedging instruments related to Selling, General and Administrative Expenses, the effective portion of the gain or loss in a hedge of a forecasted transaction is reported within Accumulated Other Comprehensive Income (Loss) and reclassified to the Condensed Consolidated Statements of Operations when the forecasted transaction occurs. Any ineffective portion is recognized immediately in the Condensed Consolidated Statements of Operations.

The notional value of foreign currency cash flow hedging instruments that qualify for hedge accounting as of March 31, 2026 was \$38.5 million (December 31, 2025 — \$48.4 million). Losses of \$0.6 million was recorded to Other Comprehensive Income with respect to the change in fair value of these contracts for the three months ended March 31, 2026 (March 31, 2025 — losses of \$0.7 million). Gains of \$0.3 million were reclassified from Accumulated Other Comprehensive Income to Selling, General and Administrative Expenses for the three months ended March 31, 2026 (March 31, 2025 — losses of \$1.3 million). The Company currently does not hold any derivatives which are not designated as hedging instruments.

For all derivative instruments, the Company is subject to counterparty credit risk to the extent that the counterparty may not meet its obligations to the Company. To manage this risk, the Company enters into derivative transactions only with major financial institutions.

As of March 31, 2026, the Company's Financing Receivables and working capital items denominated in Canadian Dollars, RMB, Japanese Yen, Euros and other foreign currencies translated into U.S. Dollars was \$152.2 million. Assuming a 10% appreciation or depreciation in foreign currency exchange rates from the quoted foreign currency exchange rates as of March 31, 2026, the potential change in the fair value of foreign currency-denominated financing receivables and working capital items would have been \$15.2 million. A significant portion of the Company's Selling, General, and Administrative Expenses is denominated in Canadian Dollars. Assuming a 1% change appreciation or depreciation in foreign currency exchange rates as of March 31, 2026, the potential change in the amount of Selling, General, and Administrative Expenses would be \$0.1 million.

Interest Rate Risk Management

The Company's earnings may also be affected by changes in interest rates due to the impact those changes have on its interest income from cash, and its interest expense from variable-rate borrowings that may be made under the Credit Facility.

As of March 31, 2026, the Company had drawn down \$49.0 million on its Credit Facility (December 31, 2025 — \$37.0 million), and \$nil on its HSBC China Facility (December 31, 2025 — \$nil) and \$nil on its Bank of China Facility (December 31, 2025 — \$nil), which are subject to variable effective interest rates. If the interest rates available to the Company increased by 10%, the Company's interest expense would increase by \$0.3 million and interest income from cash would increase by \$0.3 million.

The Company had variable rate debt instruments representing 11% and 8% of its total liabilities as of March 31, 2026 and December 31, 2025, respectively. These amounts are determined by considering the impact of the hypothetical interest rates on the Company's variable rate debt and cash balances as of March 31, 2026.

PART II. OTHER INFORMATION

Item 1A. Risk Factors

This Form 10-Q should be read together with, and supplement, the risk factors in Item 1A “Risk Factors” in the Company’s 2025 Form 10-K, which describes various risks and uncertainties to which the Company is or may become subject. The risk factors below update certain risk factors included in the Company’s 2025 Form 10-K in light of recent events. The below risk factors and the risk factors included in the Company’s 2025 Form 10-K are not the only risks facing the Company. Additional risks and uncertainties not currently known to the Company or that the Company currently deems to be immaterial also may materially adversely affect its business, financial condition and/or operating results.

The Company conducts business internationally, which exposes it to uncertainties and risks that could negatively affect its operations, sales, and future growth prospects.

A significant portion of the Company’s revenues and of the GBO earned by the Company’s exhibitor customers are generated outside the United States and Canada. Approximately 62%, 58%, and 64% of the Company’s revenues were derived outside of the United States and Canada in 2025, 2024, and 2023, respectively. As of March 31, 2026, 73% of IMAX Systems in backlog were scheduled to be installed in international markets. The Company’s network spanned 91 different countries as of March 31, 2026, and the Company expects its international operations to continue to account for an increasingly significant portion of its future revenues. There are a number of risks associated with operating in international markets that could negatively affect the Company’s operations, sales and future growth prospects. These risks, among others, include:

Operational and Supply Chain Risks

- difficulties in obtaining competitively priced key commodities, raw materials, and component parts from various international sources that are needed to manufacture quality products on a timely basis;
- dependence on foreign distributors and their sales channels;
- reliance on local partners in foreign territories, including in connection with JRSAs;
- difficulties in staffing and managing foreign operations;
- inability to complete installations of IMAX Systems, including as a result of material disruptions or delays in the Company’s supply chains, or to collect full payment on installations thereof;
- public health concerns, including pandemics or epidemics, and regulations in response thereto, which could adversely affect the Company’s and its customers’ operations; and
- harm to the IMAX brand from operating in countries with records of controversial government action, including human rights abuses.

Financial and Macroeconomic Risks

- fluctuations in the value of foreign currencies versus the U.S. Dollar, potential currency devaluations, and imposition of foreign exchange controls in foreign jurisdictions;
- adverse changes in foreign government monetary and/or tax policies, and/or difficulties in repatriating cash from foreign jurisdictions (including with respect to China, where approval of the State Administration of Foreign Exchange is required);
- requirements to provide performance bonds and letters of credit to international customers to secure IMAX System component deliveries;
- less accurate and/or less reliable box office reporting;
- difficulties in establishing market-appropriate pricing; and
- economic conditions in foreign markets, including inflation.

Geopolitical, Trade, and Regulatory Compliance Risks

- new and potentially changing tariffs, trade protection measures, import or export licensing requirements, trade embargoes, sanctions and export controls, and other trade barriers, including but not limited to planned, implemented or threatened tariffs and retaliatory responses thereto, or the residual impacts and uncertainty as a result of changes in tariff or trade policy;
- new restrictions on access to markets, both for IMAX Systems and content;
- unusual or burdensome foreign laws or regulatory requirements or unexpected changes to those laws or requirements, including censorship of content that may restrict what films or other content are exhibited across the Company's network;
- local business practices that can present challenges to compliance with applicable anti-corruption and bribery laws;
- poor recognition of intellectual property rights;
- difficulties in enforcing contractual rights; and
- war, conflict, geopolitical tensions and other political, economic and social instability, terrorist attacks and security concerns, such as the ongoing conflict between Russia and Ukraine, the war in Iran and other armed conflicts in the Middle East, and escalating tensions in the Taiwan Strait, all of which could result in adverse consequences for the Company's interests in different regions of the world.

Global geopolitical tensions and actions that governments take in response and the resulting global and regional economic downturns have had and may in the future adversely impact the Company's ability to operate in such regions. For example, the ongoing conflict between Russia and Ukraine and responses thereto have had and may continue to have an adverse impact on the Company's business and results of operations in affected regions, including the continued suspension of the Company's operations across the Company's 54 theaters in the region. Three theaters in Israel and one theater in Lebanon have been impacted by closures or are operating in limited capacity due to the Iran war. The other 31 of the Company's 35 theaters in the Middle East region remain fully operational. Furthermore, disruptions to key global shipping routes, including the Strait of Hormuz, have and may continue to adversely affect global supply chains by increasing transportation time and cost as well as increasing uncertainty in the availability of critical goods and services, which may in turn impact the Company's operations. Given the uncertainty as to the scope, intensity, duration and outcome of geopolitical conflicts, it is difficult to predict the full extent of the adverse impacts of geopolitical conflicts on the Company's business and results of operations. Additionally, given the global nature of the Company's operations, any protracted conflict or the broader macroeconomic impact of geopolitical conflicts and sanctions imposed in response thereto, have had and could continue to have an adverse impact on the Company's business, results of operations, financial condition, and future performance and may also magnify the impact of other risks described herein, including the risk of cybersecurity attacks, which may impact information technology systems unrelated to the conflict, or jeopardize critical infrastructure in jurisdictions where the Company operates.

While the Company has implemented policies, internal controls, and other measures reasonably designed to promote compliance with applicable laws and regulations related to doing business internationally, any violations of these laws and regulations, or even allegations of such a violation, could disrupt the Company's operations and harm the Company's business, financial condition and results of operations. In addition, changes in United States or Canadian foreign policy can present additional risks or uncertainties as the Company continues to expand its international operations. Opening and operating theaters in markets that have experienced geopolitical or sociopolitical unrest or controversy, including through partnerships with local entities, exposes the Company to the risks listed above, as well as additional risks of operating in a volatile region. Such risks may negatively impact the Company's business operations in such regions and may also harm the Company's brand. Moreover, a deterioration of the diplomatic relations between the United States or Canada and a particular country may impede the Company's ability to conduct business in that country and have a negative impact on the Company's financial condition and future growth prospects.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

Issuer Purchases of Equity Securities

During the 2025 Annual General Meeting of IMAX China, shareholders granted its Board of Directors a general mandate authorizing the Board of Directors of IMAX China, subject to applicable laws, to repurchase shares of IMAX China not to exceed 10% of the total number of shares as of June 12, 2025 (33,919,122 shares). This program will be valid until the 2026 Annual General Meeting of IMAX China. The repurchases may be made in the open market or through other means permitted by applicable laws. IMAX China has no obligation to repurchase its shares and the share repurchase program may be suspended or discontinued by IMAX China at any time. During the three months ended March 31, 2026, IMAX China did not repurchase any shares.

(Refer to Note 13 to the Company's audited Consolidated Financial Statements in its 2025 Form 10-K Part I, Item 1 for a summary of the material terms and conditions of the Company's revolving credit facility, which includes a limitation of the amount of permitted share repurchases.)
