VOLUNTARY ANNOUNCEMENT
CONTRACT ON SECONDARY STANDARDIZED NEUTRON
DOSIMETRY LABORATORY PROJECT TECHNICAL SERVICE
ENTERED INTO BY CNGT, A SUBSIDIARY OF CIRC,
AND CHINA NATIONAL NUCLEAR
WITH PONDPOL

This announcement is voluntarily made by China Isotope & Radiation Corporation (“**CIRC**” or the “**Company**”) to keep its shareholders and potential investors informed of the latest business developments of the Company.

The board of directors of the Company is pleased to announce that recently, Chengdu Gaotong Isotope Co., Ltd. (CNNC) (“**CNGT**”, a subsidiary of CIRC) and China National Nuclear Corporation Overseas Ltd. (中國中原對外工程有限公司) (“**China National Nuclear**”) have entered into the Contract on Secondary Standardized Neutron Dosimetry Laboratory Project Technical Service (the “**Project**”) with Pondpol Analytical Co., Ltd. (“**Pondpol**”). China National Nuclear is a wholly-owned subsidiary of China National Nuclear Corporation, the controlling shareholder of the Company, and Pondpol is an independent third party of the Company. Under the Project, CNGT is primarily responsible for providing the required products and related services to Pondpol, while China National Nuclear is mainly responsible for project management and supervision, and will not participate in the provision of related products and services. Both parties respectively receive consideration and assume liabilities for the services they provide, and there is no arrangement for joint performance or joint liability. Accordingly, the transactions under the Project do not constitute transactions under Chapter 14 or Chapter 14A of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited.

This Project undertakes important tasks including the calibration of neutron radiation dose measuring instruments and related scientific research experiments, representing a key infrastructure project for Thailand to bolster its application capabilities of nuclear technology and improve its national metrology system.

The successful implementation of the Project is of milestone significance to the Company in accelerating its international strategic presence, providing valuable experience and serving as a role model for the Company to deepen its presence in the Thailand market, expand its business footprint in Southeast Asia and implement similar projects in the future.
