If any of the Placees will become a substantial Shareholder after completion of the Placing, further announcement will be made by the Company.

REASONS FOR AND BENEFITS OF THE PLACING AND USE OF PROCEEDS

The Group is principally engaged in the provision of network system integration including the provision of network infrastructure solutions, network professional services and smart office software solutions, and the network equipment rental business. Assuming all the Placing Shares are fully placed, the gross proceeds from the Placing will be approximately HK\$26.8 million. The net proceeds, after deduction of all relevant expenses (including but not limited to placing commission, legal expenses and disbursements) incidental to the Placing of approximately HK\$1.0 million, are estimated to be approximately HK\$25.8 million, representing a net issue price of approximately HK\$0.65 per Placing Share.

The Company intends to apply (i) 90% of the net proceeds from the Placing, approximately HK\$23.22 million, towards the repayment of outstanding promissory note payable and bank and other borrowings of the Group; and (ii) the remaining 10%, approximately HK\$2.58 million, to replenish the Group's general working capital, which will be used for staff costs, professional fees and other operating expenses.

As at 31 December 2025, the Group's total promissory note payable and outstanding borrowings amounted to approximately RMB256.9 million. The Directors consider that the Placing represents an opportunity for the Group to raise additional capital for the repayment of outstanding liabilities and borrowings of the Group, and will also allow the Company to strengthen the Group's financial position and improve the Group's gearing ratio. In addition, the Placing will broaden the shareholders' base of the Company and may in turn enhance the liquidity of the Shares. The net proceeds will also provide additional working capital to support the Group's daily operations and meet its ongoing financial obligations.

The Directors consider that the Placing Agreement is entered into upon normal commercial terms following arm's length negotiations between the Company and the Placing Agent and the terms of the Placing Agreement (including the Placing Price and the placing commission) are fair and reasonable and are in the interests of the Company and the Shareholders as a whole.
