Performance target:

There is no performance target attached to the Options.

The purpose of the Share Option Scheme is to enable the Group to grant Options to selected participants as incentive or rewards for their contributions to the Group, to continue and/or render improved service with the Group, and/or to establish a stronger relationship between the Group and such participants. The grant of the Options to the Grantees is a recognition of their roles and responsibilities in the development of the Group and will provide the Grantees with a valuable opportunity to acquire a personal stake in the Company. Moreover, the grant of Options are made to the Grantees as an inducement to join the Group, which is in line with one of the purposes and objectives of the Share Option Scheme of attracting high-calibre participants. Whilst the value of the Options granted is dependent to a great extent on the future performance of the Group, the grant of Options will thereby reinforce the Grantees' commitment to the overall business performance and sustainable development of the Group. The vesting of Options in different batches with different exercise periods will also serve to motivate the Grantee to promote the development and growth of the Group. In view of the above, the Board considered that performance target was not necessary and the grant of Options even without performance target aligned with the purpose of the Share Option Scheme.

Clawback mechanism: The Options granted were subject to the clawback mechanism as set out in the terms of the Share Option Scheme, including but not limited to the lapse of Options upon the cessation of employment of the Grantees by reason of the Grantees' misconduct justifying summary dismissal.

For details, please refer to paragraph headed "17. CLAWBACK" in "Appendix III SUMMARY OF THE RULES OF SHARE OPTION SCHEME" to the circular of the Company dated 22 July 2024 in relation to, among other things, the adoption of the Share Option Scheme.

Financial assistance: There is no arrangement for the Group to provide any financial assistance to any of the Grantees to facilitate the subscription of Shares under the Share Option Scheme.

To the best of the Directors' knowledge, information and belief, having made all reasonable enquiries, (i) none of the Grantees is a director, chief executive or substantial shareholder of the Company nor an associate (as defined under the Listing Rules) of any of them; (ii) none of the Grantees is a participant with options granted and to be granted exceeding his/her 1% individual limit (as defined under Rule 17.03D(1) of the Listing Rules); and (iii) none of the Grantees is a related entity participant or a service provider (both as defined under the Listing Rules).

The number of Options granted to the Grantees is determined with reference to their respective position, past experience, and expected continuous long-term contributions to the Group.

As at the date of this announcement, following the grant of the Options above is made, there are 68,127,200 Shares available for future grant under the scheme mandate of the Share Option Scheme.
