During the six months ended 30 June 2025 (the “**Period**”), the Group continued its business strategies to diversify its portfolio of pipeline properties in both non-residential properties and residential properties in provision of property management and value-added services. Thus, our portfolio of properties under management expanded during the Period from gross floor area (“**GFA**”) of approximately 13.5 million sq.m. as at 31 December 2025 to approximately 15.3 million sq.m. as at 30 June 2026. As at 30 June 2026, our portfolio of contracted properties covered GFA of approximately 18.0 million sq.m. in aggregate.

MANAGEMENT DISCUSSION AND ANALYSIS

管理層討論及分析

During the Period, we have entered into three new property engineering contracts with an aggregated contract amount of approximately RMB3.4 million. In line with the strategic review of the Company's business and seeing the opportunity in the property construction industry in the PRC, in 2023, the Group acquired Zheng Zhi Yue Real Estate Co., Ltd.* (河南正之悦置業有限公司) ("**Zheng Zhi Yue**"), in order to develop its property development business. As at 30 June 2026, the Group (through Zheng Zhi Yue) held a property under development, namely the Zhengzhou Zensun Centre Project located in East Ruyi Road West and South Ruyi River West 1st Street, Zhengzhou City, Henan Province, the PRC, with a total site area of approximately 14,923.11 sq.m. and GFA of approximately 44,655.14 sq.m. 物業管理及增值服務

管理層討論及分析

Others

Other revenues increased by approximately RMB0.6 million or 3.1% from approximately RMB19.4 million for the period ended 30 June 2025 to approximately RMB20.0 million for the Period. Such increase was mainly resulted from the increase in revenue from sales, leasing and renovation intermediary services while partially offset by the decrease in revenue from charging pile services.

Cost of Services

Our Group's cost of services primarily consists of subcontracting costs, staff costs and materials and consumables. We recorded an increase in cost of services of approximately RMB13.0 million or 9.6% from approximately RMB135.1 million for the six months ended 30 June 2025 to approximately RMB148.1 million for the Period. Such increase was generally in line with our growth in revenue during the Period associated with the growth in our properties management services.

Gross Profit and Gross Profit Margin

Our gross profit margin was approximately 26.1% for the Period as compared to approximately 26.8% for the six months ended 30 June 2025. The decrease in the Group's gross profit margin was mainly resulted from the higher labour outsourcing costs, equipment and elevator maintenance costs during the Period.

FUTURE OUTLOOK

1. Expanding management footprint. We will further diversify our portfolio, with emphasis on non-residential segments such as commercial complexes, industrial parks, public venues, hospitals, schools and transportation hubs, thereby building a solid pipeline for sustainable growth.
2. Strengthening core services and engineering capabilities. In line with the Board's reallocation of unutilised IPO proceeds earlier this year, we will focus resources on enhancing our property management and property engineering services, driving organic growth in both scale and capability.
3. Deepening professional and value-added services. Guided by customer needs, we will broaden our professional and community value-added service offerings – from basic convenience services to customised solutions – continuously raising service standards, response speed and customer satisfaction.

展望未來，本集團將繼續追求高質量物業發展項目，通過以下策略鞏固在物業服務領域的地位：

16. FAIR VALUE AND FAIR VALUE HIERARCHY OF FINANCIAL INSTRUMENTS

Management has assessed that the fair values of cash and cash equivalents, trade receivables, financial assets included in prepayments, other receivables and other assets, trade payables and financial liabilities included in other payables and accruals approximate to their carrying amounts largely due to the short-term maturities of these instruments.

The Group's finance department headed by the finance manager is responsible for determining the policies and procedures for the fair value measurement of financial instruments. The finance manager reports directly to the chief financial officer and the audit committee. At each reporting date, the finance department analyses the movements in the values of financial instruments and determines the major inputs applied in the valuation. The valuation is reviewed and approved by the chief financial officer.

The fair values of the financial assets and liabilities are included at the amount at which the instruments could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.
